MSM MISSION

Provide a spectrum of learning activities so as to promote holistic development. Design and implement a curriculum that is meticulously planned and rich in content. Ensure a congenial and reassuring atmosphere in school so that every child finds learning joyful. Foster among students a concern for all, especially the less privileged. Inculcate a sense of concern and respect for nature.

MSM VISION

We visualize MSM as a garden where students are nurtured to blossom to their full potential through the care of parents, teachers and community at large.

The Marian in full bloom will be a well groomed personality.

He/She will

- ⊙ Be a responsible and productive citizen, patriotic and environmentally conscious.
- ⊙ Have acquired skills that he/she will apply to a live a fulfilling life.
- ⊙ Be equipped to live an affluent life, yet remaining mindful of the needs of others.
- ⊙ Conform to the world, yet keep God at the centre of her/his life.
- ⊙ Have the strength to retain his/her individuality and yet remain respectful of social diversity.
- ⊙ Open the door to lifelong learning.

A true Marian is rooted in reality yet yearns to reach out to touch the sky.

St. Patrick

St. Patrick was born in Britain at the end of the fourth century to wealthy parents. When he was 16 years old, Irish raiders attacked his family estate, captured the teenage Patrick, and transported him to Ireland. Like any person taken away from a loving family, Patrick was lonely and afraid. It is at this point in his life that he turned to God for comfort and guidance, becoming a devout Christian, later deciding to return to Ireland to convert the pagan Irish. He was not the first missionary to go to Ireland, but the others before him had not been of Irish descent and so had little success. Patrick was made a bishop and along with two deacons, arrived in Wicklow in 432 A.D. From then on he covered the length and breadth of Ireland spreading the word of Christ.

After years of selfless service he left for his eternal reward on 17th March, 461. He was later elevated to sainthood as St. Patrick and is the Patron Saint of the Congregation of the Brothers of St. Patrick or the Patrician Brothers as they are popularly known. The shamrock, a member of the clover family, became a Patrician symbol. It was used by St. Patrick to explain the mystery of the Trinity, its three leaves representing the Trinity (The Father, the Son & the Holy Spirit).

The life of St. Patrick and his prayer "The Breastplate of St. Patrick" continue to inspire the Brothers who strive to see Christ in the people to whom they have committed their lives in serving.

Principal's Message

It is certain to the academic year 2018 -19 and time to script another chapter in the history of MSM. Collaborative efforts, combined with hard work produced outstanding results and led to success in learning and activities. It's a reflection of our constant striving to acquire the necessary barebones which are required for a progressive educational institution.

Marians achieved grandeur in every field of school education. The Kaleidoscope for Middle School and Junior School – an event for displaying the talent of every child- showcased their endowments in the fields of singing, dancing and acting. Physical activities have always been an integral aspect of our school life. Each student exhibited their proficiency in various inter school and intra school activities. Morning assemblies combined with Yoga provided impetus to the rest of the day. The organisational skills of the students were put to test when they hosted five inter school competitions in Sports and Fine Arts. A full scale Sports Day was an expression of festivities and a demonstration of physical and mental strength. A glimpse of these experiences can be traced as you flip through the pages of this magazine.

“Learning is not the product of teaching. Learning is the product of the activity of the learners”. The focus of this academic year centered on learning by doing. Field trips, activity clubs, exhibitions, competitions etc. were meaningfully reorganised for enhancing learning and to experience variety.

“The true test of character is not how much we know how to do, but how we behave when we don't know what to do”. This is the challenge of present day learners. A mere book or class room learning will be insufficient for addressing contemporary challenges. Acquiring of emotional intelligence together with social skills is the best way to overcome situations which are alien to us. Therefore, we emphasise on the development of self- awareness, self –regulation, empathy and social skills which are an integral part of emotional intelligence.

Our determination to keep pace with the changing times is in focus. No efforts are spared to foster growth and excellence in positive School life. We have travelled a fair distance, however the journey is at an infant stage and we have a long way to touch the lives of millions more. In this regard, I am thankful to the companions on the journey – parents, teachers, students and well wishers- for contributing their share effectively.

I am very happy to present this work which will reverberate the memories and achievements of Marians. My hearty congratulations to the editorial board and to all the contributors of this edition. Let all our efforts find success in God.

WITH BEST WISHES
BRO. SAJL V.J
Principal

Vice-Principal's Message

Twenty one years as a Patrician Brother has filled me with feelings of deep contentment and fulfillment. As each day merges into the next I look forward to learning and experiencing whatever life has to offer.

After serving as the Director of the Patrician College for Women in Dehradun, I took over as Vice Principal of Mount St. Mary's in 2019.

Education means different things to different people. However, put in a nutshell, education is but an enlightening experience that involves not only the mind but body and soul too, all of which have to be guided from childhood. Mount St. Mary's has been doing exactly this for the past 56 years. Maintaining a balance between academic and extra-curricular activities has brought out the best in each child.

As the Sports Secretary, I am proud to see the achievements of our children in various sporting activities.

It gives me great pleasure to interact with both members of the staff and students. What delights me most about this wonderful school is the congenial and happy atmosphere. Students and teachers have no hesitation about coming to me for a light hearted chat, a solution to a problem or just to greet me with a cheery smile.

I look forward to spending more time with my M.S.M family .

Life will take me down different paths,
As it has so many times before.
From each I will learn a different thing,
That nourishes and nurtures my soul.
If life can give so much to me,
I too will give some back.
I will share and help and love and care
for the people I meet on my path.....

**Vice Principal
Bro. Arockiaraj**

Senior School Coordinator's Message

Life is a struggle – we all have heard of it, but life is an enjoyable struggle, if you win over the obstacles in your way with ease. Education is a crucial parameter in achieving our targets. It equips us with all the essential qualities needed to tide over difficult situations. We as an institution are striving hard to impart life skills to our students, to help them sail through troubled waters. The students are sensitized towards community welfare, social and cultural responsibility. The prominent feature of any organisation's success, lies in its ability to form strong 'team work'. We as a team of educators are spearheading our endeavours towards nation building in general and having responsible citizens in particular.

Education is not only to learn things, but to apply what you have learnt, when faced with adversity. A ray of hope is sometimes the only thing needed to shine like a star.

With the grace of God, and the support of our fellow beings, we shall be able to accomplish many milestones.

Mr. Dhiraj Dhall
Senior School Coordinator

Middle School Coordinator's Message

Every student is unique, inimitable but flexible and a sponge that is infinitely capable of observing, absorbing and becoming the optimum individual and an ideal human being. They are the blossoming learners and thus Education is the most inevitable, momentous and genuine mode of creating the future of every learner as a student. Considering them as future blossoms with integrity, character, life skills, intellect and values we i.e. both parents and teachers are the masters of the garden who water it, trim the branches, and pull the weeds. None of us can merely stroll through the garden, and be just an acolyte.

Focusing on all these ideals and responsibilities we, at MSM, strive to create true Marians for the community, the society, the nation and for themselves. The school functions as a comprehensive institution that combines formal education with co-scholastics, extra-curricular activities, sports education, life skill activities while creating empathy & awareness about environment. Along with the classroom education, examinations and assessments the school has organized cleanliness drives, road safety education, disaster management workshops, visits to special sections of the society like orphanages, excursions and trips, science exhibition, various SEWA Projects and much more.

Through the innovative and ingenious cultural events like Cultural Fiesta, Kaleidoscopes, Class and General Assemblies, intra and inter schools competitions, optimal exposure and experience is provided about the know-hows beyond the textbooks for real life learning. We also give equal magnitude and significance to create a healthy mind, body and soul through yoga, meditation, sports drills, dances, games and matches.

So, together we must fathom the fact that every individual child is a Magnum Opus in thyself and thus as guardians and guides, facilitators and preachers, parents and teachers we must together strive to point towards the sky but not tell them where to look. May every student reach their own sky and discover their own stars.

Congratulations to all the staff and students for making this year a successful and memorable one. I thank and appreciate the editorial board for giving us a visual and verbal treat of the events of the year.

Mrs. Filomina Jose
Middle School Coordinator

Junior School Coordinator's Message

Childhood is not a race to see how quickly a child can read, write and count. Childhood is a small window of time to learn and develop at the pace which is right for each individual child.

Many moments make them last.....

Fill them with happenings , that satisfy your heart .

Then when you look back..... you will say , I did my best every day.

This is exactly what we do in Mount St. Mary's School. We work and live to the fullest; using enriching experiences and building upon each present moment. Past happenings are lessons learnt. After all, time excels as a teacher. Our present gives us a sneak peak into what the future will look like in our lives. Be it in academics, sports or other activities we balance work and play. We create a favourable environment to learn not just academics but also in lessons of life, character, ethics and values , so that our children bloom and grow into responsible individuals. The eternal triangle of a teacher, a student and parents motivates us to give our best as we closely inter connect through a common cord of unity.

It's a pleasure seeing and knowing that each student's happy face is simply an effortless putting together of love, affection and patience on the part of each teacher in M.S.M.

For us no child is good or bad, they are instead a priceless gift, to be cherished and looked after in every way.

I would like to express my gratitude to our Principal Rev. Brother Saji V.J., our Vice Principal Rev. Brother Arockiaraj, our Provincial Rev. Brother Bosco A. and all our dear Patrician Brothers for their steadfast and dedicated commitment towards their educational mission and for giving me an opportunity to do likewise. For me it is an honour to work for them under their able guidance.

I thank my teachers for being an integral and indispensable part of M.S.M. I also take the opportunity to thank our dear parents for having bestowed their faith and confidence in us.

**"Children are like pretty flowers,
Filled with fragrance and colours.
Let's love and nurture them with care,
Appreciate and treat them fair.
For time is smooth and does move on
These flowers of ours , stay not for long."**

May God Almighty shower his abundant blessings on each one of us today, tomorrow & always. .

Editorial

It has been a few years since I first began teaching. As an eager educator fresh out of a teacher training course, I had several ideas on what and how I would 'teach' young minds. My idealism, born of youthful enthusiasm, knew no bounds and I thought I would teach them everything I knew and prepare them for the world and their life ahead. A decade or so later I stand corrected. Class room interactions with students have rarely followed the well designed lesson plans we were taught in our Bachelorette days and the dissemination of knowledge has been far more mutual.

The astoundingly divergent quality of children's ideas and thought processes resuscitates even the most banal days, lending to them a spirit and a sense of possibility I had never contemplated. In our superior, experiential and practical understanding of the world, we adults unwittingly adopt a patronizing attitude towards children's seemingly naive and fanciful conjectures. What seems a chimera to us, is a possibility to them, what is rebellion to us, to them, it is the seed of a revolution. As we hand over the baton to the next generation, let us hope that along with obedience and respect, we teach them to question and seek, so that they grow into secure human beings who know when to be pliant and when to assert, how to keep their roots and when to spread their wings.

Coming out with another edition of the magazine is a small but certain step in this direction. While we bring to our readers what our institution holds dear and values as immutable ethics, we also attempt to give you a peep into the children's minds and what they think and feel. Who knows? Here might be the seeds of a prolific writer, or a soulful poet or even a world renowned scientist. Let us cherish their creativity as they take baby steps towards glory, while having their back all the time. Working with young minds on the editorial team has

opened new vistas for me and taught me to look from new vantage points. I thank our Principal, Rev. Bro. Saji V.J, our Vice-Principal Rev. Bro. Arockia Raj, and our Co-ordinators for supporting us in this endeavour yet again. A heartfelt gratitude goes out to my team, teachers and students alike and to Pixels for working tirelessly throughout the year.

Happy Reading!

Sparkles

Class-Prep ABC

On 15th February, Class Prep ABC put on their Sparkles – A Riot of Colours. They showcased their talent through dramatization, dance, song, music and presentation. The parents participated enthusiastically in the games organised for them. The parents also put up a programme for the children thereby adding more colour to the programme. The entire show was very well appreciated by everyone.

Sparkles

CLASSES ONE A B C

On 24th November, 2018 students of Class One ABC participated in 'Sparkles' with enthusiasm and zeal. The theme was 'Lost and Found Again' which was presented meticulously by the students. It was a journey of two children from hunger and poverty to love and care. The play had musical elements. The audience which comprised mainly of proud parents and grandparents were enthralled to see young children narrating the script with perfect articulation. It was indeed a show to remember.

Prep Assembly

Class Picnic

Students of Classes Prep and One had a joyous and fun-filled day as they got an opportunity to go to Lodhi Garden for their Class Picnic. The weather was warm and sweet. The students experienced the natural beauty, enjoyed the open sky and played games. It was a relaxing day and a wonderful change from the routine. The students were accompanied by their Class teachers. It was a day to remember.

Art Competition

CLASSES PREP & ONE

*"When a child does
draw.....
and colour at will....
he unfolds a world,
of colour and skill.*

*A different touch,
a different feel.
Through his eyes
For me and you
He does present
his own point of view."*

Students of Classes Prep and One were happy to draw and colour on the given topics. Some of which were An Aquarium, A Butterfly, A Rainy Day, A Flower etc. Each drawing was unique and filled in with beautiful colours. The competition was enjoyed by each child.

Choral Recitation

Prep And One A B C

Recitation is a mode of expression, a medium to reflect the latent talents of the young ones. Keeping this in mind, an English and Hindi Choral Recitation Competition for Classes Prep and One was organized on 30th August, 2018. It was a delight to hear the little ones recite in rhyme and rhythm. Our Junior School Coordinator Mrs. Neelam Kotnala, Mrs. Meenakshi Sharma and Mrs. Michelle appreciated the children's expression and talent and enjoyed themselves thoroughly.

The results were as follows :

English Choral Recitation	Hindi Choral Recitation
Prep A	Prep C
One C	One B

DRESSED TO TELL - LEADERS

Independence Day was just round the corner. A Fancy Dress Competition called 'Dressed To Tell – Leaders' was organized on 9th August, 2018. The students of Classes Prep, One and Two were beautifully dressed up in costumes of freedom fighters and leaders like Rani Laxmi Bai, Subhash Chandra Bose, Dr. A P J Abdul Kalam. They presented themselves well. The efforts of the students were appreciated. The competition inculcated the feelings of patriotism in our kids. The results were as follows :

	Class Prep A	Class One A	Class Two A

Prep to Two

The English Reading Competition was held on 30th January, 2019 for Classes Prep to Two in their own respective classrooms. The children participated with great enthusiasm. The best three readers were selected from each section. Students were judged on their fluency, diction, pronunciation and clarity. As rightly said, "Those who read are those who lead". Our students read clearly with confidence just as leaders of tomorrow. We're truly proud of them!

Classes Prep and One

The Show and Tell Competition was held on 6th September, 2018 which harnessed the oratorical skills of our little ones. Our children of Class Prep and One spoke on interesting topics like books, nature and newspaper. We saw our little ones stride up the stage with confidence and enthusiasm. The audience was spellbound with their eloquence.

Kaleidoscope

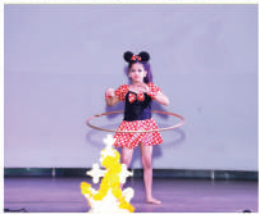

Classes 2 & 3

Our School held its Kaleidoscope for Classes Two and Three on 4th August, 2018. Our Vice Principal Rev. Bro. Arockia Raj, Senior and Middle School Coordinators and Junior School Coordinator Mrs. Neelam Kotnala along with the Guests of Honour inaugurated the occasion by lighting the lamp.

The theme of the programme was Ticket to Disneyland and each and every Disney character was brought back to life by the lively, colourful and fabulous performances

by all the children. Also, the children spoke about Walt Disney, the creator of these characters and the workforce behind the creations was displayed beautifully and it was quite informative. The sincere effort by the students and teachers was applauded and appreciated by the audience and the guests. It was followed by the Award Ceremony where the deserving students who excelled in Academics and Co-curricular activities were felicitated.

Kaleidoscope

Classes 4 & 5

Number 7 is rightly associated with the mystical magic, uniqueness and mysterious wonder. Classes 4 and 5 put up a scintillating show at Kaleidoscope on 5th May, 2018 depicting the reason why, how and where this magic can be seen all over the globe. From the 7 Sister States in India, to the 7 Notes in Music. From the 7 Continents to the Rainbow in the sky. Further reaching to God's mighty hand in his creating the Universe in just 7 days, to the tenderness of a fairytale that involved the 7 Dwarfs. From the 7 Chakras in our bodies and the 7 Wonders of the World. The students acted, spoke, sang, recited and danced, bringing alive Number 7 with confidence, exuberance and style. The audience watched, appreciated and their applause proved that the magic of Number 7 impressed upon their mind.

This was followed by the Annual Award Ceremony for the Academic Year 2017-2018. Students who excelled in academics, sports and co-curricular activities were honoured. The various categories of awards were given away by Guests of Honour Mrs. Amandeep S. Anand and Wg. Cdr. B. K.Chakravarthy, our Principal Bro Saji, Senior School Coordinator Mr. D. Dhall, Middle School Coordinator Mrs. F. Jose and Junior School Coordinator Mrs. N. Kotnala.

Finally, the solemn Annual Investiture Ceremony of the Junior Student Council was held. Bro. Saji and Mrs. N. Kotnala pinned the badges to 24 students and thereafter they took the pledge. Bro. Saji appreciated the hard work put in by the students and teachers.

Class 5

IF I could meet a fictional character from a book, it would be

Thea Stilton because she is amazingly beautiful, intelligent and most of all she likes reading books and so do I.

Shaivi Toyal

Harry Potter because he is the greatest wizard of all times and has inspired me to be fearless and helpful to others.

Akash Tiwari

MCharlie from 'Series of the Unfortunate Events' because she is an adventurous and a brave girl who protects her brother and sister from danger and for me she is nothing less than a super woman.

Narayani Sikka

Hermione as I find her very attractive, smart and pretty and would like to like her.

Gianna Remy

Violet Boudelair because she is brave and intelligent and has taught me not to be dependent on anybody for anything.

Ananya Chauhan

Dumbledore as I want to request him to open a magic school for us in Delhi.

Divyansh Batti

Paulina because she is full of energy, has great ideas and is enthusiastic at all times and this makes me also feel energetic and helps me to go on in life.

Suhani N. Sawant

Dogman because he is a unique super cop and I have always dreamt of being one.

Joshua Joy Showel

Harry Potter because I like the way he uses his super powers honestly and his deeds motivates me to be honest in life though I don't have super powers.

Bairy Kanishk Chakravathy

Elsa because she is a brave princess with magical hands and I want to see her perform magic and shake hands with her.

Aarna Tripathi

The Iron man from the Marvel Comics because he teaches us how to use Science and Technology in the right way without causing any harm to anyone.

Aarav Ranjan

Geronimo Stilton because he is always a positive thinker and helps everybody in times of need.

Abhishek Yadav

Harry Potter as he studies in a magical school where he solves mysteries. He is smart and always knows what to do when things go wrong.

Kanwalpreet Kaur

I would choose Mr. Willy Wonka from the book, 'Charlie and the Chocolate Factory' because he is the greatest candy maker and I would like to go on a shopping spree to his chocolate factory and eat candy until I am full.

Rihanna Borah

Geronimo Stilton because he is an amazing author, who writes funny books and is very intelligent and can help me do my Maths calculations.

Ishaan Bajaj

Alice, as the adventures that she undertook excites me and it would be great fun to hear about them from her in person.

Soesha Dua

Asterix, the Gaul as I want to embark with him on one of his adventures or have a shot of magic potion and destruct the Roman Camp.

Sajeev Goel

Sherlock Holmes because I find the way he searches clues with the able help of his best friend and assistant Dr. John Watson to solve the most pressing cases, quite easily.

Samuel Joseph

Doramon. If each of us had a Doramon robot, life would be so smooth, away from all the problems.

Sanvee Jaisingh

Nancy Drew because she is one of the most powerful human being besides an ace detective, I look upon her for her willingness to help, and being helpful is the best thing we can do to others.

Vanshika

Harry Potter because he is courageous and values his friends the most.

Naisha

Greg Heffley from The Diary of A Wimpy Kid because I am amused when he gets into trouble all the time but manages to find a solution at the same time.

Abhigyan

Thor because when the people of his land were in danger, he was willing to sacrifice his life and help them.

Dominic d'Lima

Matilda because she loves to read just like me. She is also smart and very sweet.

Radhika Bagga

Zack because he is a kind person who understands others and would help me in doing the right thing.

Nipun

Tom Gates because he is witty and would make my life more exciting, adventurous and fun.

Sanvi Gupta

Nancy Drew because she is smart, caring and brave. It would be fun to solve mysteries with her.

Drishana Borah

Iron Man because he is a brave man and wants to bring peace on earth.

Lakshay Raj

Doctor Strange so that I could ask him for the time stone and have the power to control time.

Shantanu Munjal

Doctor Strange because he can control time and help me teach magic to travel through time.

EXCURSIONS TO MUSSOORIE AND AGRA

The excursions of this year gave the children an opportunity to be a part of both nature and history. In Mussoorie, the children enjoyed their nature walks to Kemptay falls and Company Garden and also learnt about forestry in the FRI. The trip to Agra and Fatehpur Sikri was mesmerising for the young minds and the splendours of Taj Mahal and Agra Fort left them spellbound. The excursions also

gave the children an opportunity to learn to be independent and responsible under the watchful gaze and loving care of their teachers. The children have carried wonderful lifelong memories of the historical monuments of Agra and natural beauty of Mussoorie.

CHANDIGARH SHIMLA TRIP-MARCH 2019

We travelled by train and I saw lot of fields on the way. Oh, I forgot to tell you the kind of fields I saw, they were mustard, rice, sugarcane and many other fields. I also saw kutcha mud houses. I also had the food provided in the train and in the end we all collected all the leftovers. At around 1105hr, we reached Chandigarh railway station. Then, we went to see the famous Rock Garden. The whole place is made of waste products from the houses, factories, farms etc. After lunch in a hotel called Park Inn, we went to the Pinjore Garden. In Pinjore Garden, the Jal Mahal, Rani Mahal and the Sheesh Mahal were beautiful and one above another. Jal mahal is in the middle of a pond. Rani Mahal's architecture was unmatched. Sheesh Mahal was completely made of mirrors. Then, we left for Shimla. It was more than five hours drive by the bus. After many bumps and jumps, we finally reached the hotel named 'East Bourne.' We were all very tired, so we had our dinner and slept off.

The next morning, we went to see the museum of The Institute of Advanced Studies. It was quite informative and had a collection of many historical pictures and documents. It was established in 1965. Then, we went to a big temple of 'Lord Hanumanji'. The place also had innumerable monkeys. Later, we went to see the magnificent Ridge and shopped at Mall Road.

Then, as the night dawned, we had a DJ party. A dance competition was held in which boys and girls of different grades made independent teams and performed. The next morning, we all had breakfast and went for a mesmerising ride on the toy train. The ride concluded at a station called Shogi. Then, we boarded the bus for Chandigarh. By this time, it already had started pouring. We stopped at a restaurant called Sagar Ratna. By 6:00pm we had already reached Chandigarh Railway Station. We boarded the train at about 1730hrs and reached the Delhi at 2200hrs. My father had come to pick me up from the railway station. It was the best trip I had ever gone for!

Picnics

Classes 4 and 5

Picnic is the time when students enjoy a relaxed and an informal relationship with their teachers. Classes 4 & 5 had their fun-filled picnic on 6th February, 2019 at Lodhi Garden. Though the weatherman predicted rain on that day but with God's blessings it turned out to be a bright, sunny day. The students visited the Bada Gumbad tomb, played games and shared food with their friends. They returned to school happy, contented and with good memories.

Classes 2 and 3

Classes Two and Three went to Lodi Gardens for their picnic on 5th February, 2019. The students were excited and enjoyed in the beautiful lawns of the garden. They sat with their friends, shared food and later played games. Picnics help strengthen the bond between students and teachers and give them time for relaxation and recreation.

Volunteer Parents

Mount St. Mary's feels that the involvement of the parents in children's education is vital. Encouraging the same, the parent volunteers were welcomed to come to school every Friday to help students learn in an interesting way with various activities. The parents conducted quizzes, craft activities, outdoor games and interactive sessions on life skills as well with the children. The students enjoyed the academic session with the Volunteer Parents and eagerly waited every Friday for their classes with them. To thank the parents and express our gratitude, a thanksgiving event was organised for them on 22nd February '19. The parents were overwhelmed, delighted and shared their experience of a wonderful day spent with the students in school.

A Visit To The Stationery Shop

I am very fond of stationery and love to buy them often. I went to my favourite stationery shop to get some supplies. My pencils were over so I got some of them. My father bought me a toy car because I completed my homework on time. We had studied the lesson on money in school so my father let me make the payment. Since I had done the correct calculations, my father bought me a samosa. It was a wonderful experience.

I Like To Go To The Library

I like to go to the library because it is a place where we can find books of almost all kinds-encyclopaedias, story books, magazines etc. I like to read story books like the series by Geronimo Stilton. A library is a peaceful place to read books. Books open up a world of imagination and creativity for the readers. A library is a treasure house of knowledge. Books are our best friends.

If I Were A Superhero

If I were a superhero I would be Zap Girl. I would be able to go from one dimension to another in just two minutes! I could fly as high as I wished and swim in the deep underwater. My superhero suit be of violet colour with 'Zap' written in the middle and I would wear a thunder-shaped mask. My hair would be half violet. I would have a monkey, named Mr. Bananas, as my sidekick. I would even have a superfast motorcycle. Mr. Bananas and I would ride on it and save the world from monsters. What fun it would be!

A Scary Midnight

Once upon a scary midnight,
I was sleeping in my bed snug tight.
Then I heard a strange sound,
I woke up and looked around.
The sound kept going on,
And I couldn't even sleep
Then I thought to myself,
It would be ok to take a small peak.
I jumped out of bed and opened the door.
I started to get scared more and more.
The sound went up the stairs.
The sound ended in the store room.
The light was shining bright from the moon.
When I switched on the light
I saw a mouse that wouldn't even bite.

Football—My Passion

I have a dream, passion to pursue,
Whenever I think of it, makes me feel anew.
I love to play this wonderful game,
It's superbly amazing and football is its name.
From the age of three, I've watched the players play the game.
I soon realised that they play for their country and not just for fame.
Ronaldo, Messi, Neymar are my idols.
Team Brazil are my comrades and Team France are my rivals.
Want to go for shots, dribble, rabona and tackle
Use my powerful limbs, save goals with my ankle.
I hope to become in football this great,
But I do not know what lies in my fate.
In winning for my country I want to play the major role,
Team India is my dream,
getting the World Cup is my goal.
And soon this passion of mine I want to pursue,
Just like great players who made their dreams come true.

Greed

There's one thing in the whole world –greed,
But this is only the world's breed
I thought of a movement to
remove greed.

I asked everyone if they want to lead
The answer was, yes indeed.
So we started on the mission 'Go Away Greed'
Instead of spreading greediness
We can share happiness.
Now let us sow the seeds
Hoping in future there will be nothing
known as greed.

We all know winter comes in the month of November, December and January. In some places on the hills or mountains, it snows a lot. We like to sit in the blanket and not come out of it!! We wear warm clothes so that we don't get ill. We have winter vacations as its cold in the morning. It's all fog and smog. We also wear caps and gloves in this season. We get to eat a lot of fresh vegetables and seasonal fruits too!!

A Day at Home

Yesterday was a busy day.
My father was writing an important letter to his boss while my uncle came back home after shopping. My mother was helping my grandma in finding tickets for the movie. My aunt was busy talking to her friend on phone. While all this was going on, I was listening to grandpa's stories while my little brother was playing with his favourite toy.

Trees are our best friends!!!

One upon a time in a big dark forest where there were many trees, flowers, animals, insects there seemed to be a lot of tensions and worries as many woodcutters' and hunters used to come there. In the same forest, there lived three best tree friends. Their names were Lee, Tee and Dee. One rainy day, they were talking to each other when suddenly Lee heard that two men were planning to cut him. He sobbed and started telling the cruel people that we, trees provide you with fruits, rubber, oxygen, shelter, still you harm us. That's not good! The wood cutters understood their mistakes and promised him that they would never cut or harm any tree but take care of it. They became best of friends.

Mother's Day

It's Mother's day today
It happens on second Sunday of May
Which is 13th today.
You will get everything you need
So, today please don't feed
Mom you are always a winner
And make breakfast, lunch and dinner.
Despite going through so much grind,
You're always so kind

YO...HO...HO...so and so is the name
YO...HO...HO... She is the master of all the games.

She is type of a magic toy,
That can give you endless joy
And these are the last two lines
To say you goodbye.

ART & CRAFT *Exhibition*

Welcome to the World of
Creativity and Imagination

The Art and Craft Exhibition was held on 13th October, 2018. It was inaugurated by Rev. Bro. Peter Ryan, Superior General of Patrician Brothers. It was followed by a beautiful dance performance by our talented dancers. The ground floor corridor looked beautiful and vibrant with the creative and imaginative work done by our young Marians. The exhibition was appreciated and applauded by everyone. The exhibition was a grand success.

Summer Holidays

For the first time in my life I travelled to Portugal and France along with my family. It was a fantastic experience. In Portugal we visited Lisbon, Porto, Fatima, Duro Valley besides other places. We visited many beautiful churches, castles, museums, went for a boat ride, a cable car ride. In France we visited the Shrine of Our Lady of Lourdes. We bought souvenirs and tasted Portuguese and French cuisine. We visited a vineyard and a winery too. I had a great time in the company of my grandmothers, uncle, aunt and my family.

Kaleidoscope Classes VI & VII

Kaleidoscope for classes VI and VII based on the theme **'Mother – A Walking Miracle'** was held on 12th May, 2018. The theme was apt as the next day was Mother's Day. This event was a tribute to all mothers in a befitting manner. A mother is indeed a walking miracle. Today a mother has taken on multiple roles and different responsibilities with great skill. She is not only a nurturer, a homemaker but also an empowered woman who has taken the world in her stride. This message was presented by the ebullient students of classes VI and VII through a confluence of music, dance and skits that covered different aspects of Mother and mother figures-Mother Earth, Mother Mary, Mother India, Mother Teresa and the Divine Mother. The program commenced with the lighting of the ceremonial lamp by the Chief Guest - Rev. Bro. Bosco, our Principal Rev. Bro Saji V.J, Vice- Principal - Rev. Bro. Arockia Raj, the Guests of Honour - Brigadier and Mrs. R.K. Sharma and our Co-ordinators. Every class performed with zest and got a big round of applause from our distinguished guests and delighted parents. The students were awarded certificates and prizes for Full Attendance, All Rounder, Leader of the Class and Role Model amongst other categories. The school choir put up a soulful rendition of songs based on the theme-Mother. There are no words which can convey our gratitude to our Principal Rev. Bro. Saji V. J, Vice- Principal Rev. Bro. Arockia Raj, our Co-ordinators Mr. Dhiraj Dhall, Mrs. Filomina Jose and Mrs. Neelam Kotnala for guiding us. The program ended with a vote of thanks and school song. It is rightly said, **'The hand that rocks the cradle rules the world.'**

Being Humane :

A Kaleidoscope of Human Virtues-Classes VIII & IX

Like the little chips of coloured glass in a kaleidoscope catching myriad colours, classes VIII and IX presented with similar brilliance, an extravaganza, 'Kaleidoscope' with a strong social message, 'Being Humane'. Many hours of practice and much hard work finally paid off on the 28th of April, 2018 when the gates of Mount St. Mary's School opened to a flood of eager parents waiting to see their children perform on stage. All the classes put together a series of skits and dances with musical interludes.

The program started with an invigorating dance performance and then proceeded to explore many virtues such as Kindness, Devotion, Patriotism, Sportsmanship, Equality and Honesty. Everything was brought to life by the students' talent. All songs performed by the students made everyone's ears perk up with delight. Powerful performances such as Ekalavya's dedication and respect for his Guru, a street play on 'Fight against Corruption' and Mangal Pandey's sacrifice depicting how precious freedom is, captivated all and sundry. The entire display was well received and appreciated by the audience which included the Guests of Honour Lt. Col R. D. Mishra, Mrs. Shefali Lakhanpal and Mrs. Risha Marwah.

The show was topped off by the Award Ceremony to celebrate and acknowledge the students' achievements through the previous academic year. A long list of well-deserving students won prizes in several categories - 100% Attendance, All Rounder, Leader of the Class, Subject Topper, Activity Awards, Sports Awards, Academic Excellence, Gold Star Certificates and Instituted Prizes.

Investiture Ceremony

"Leadership is the capacity to translate vision into reality" -
Warren Bennis

On 21st July, 2018, 35 young leaders of MSM were sworn in as the newly elected Student Council, to shoulder responsibility and lead their respective houses to glory in the days to come, with honour and integrity. Our Chief Guest Lt. Gen Asit Mistry, spoke of his own example as a role model for the council. It was indeed a proud moment for the council members and their parents, as the White House commenced the ceremony by taking their oath led by the Chief Guest. This was followed by the captains and vice-captains of the four houses who were sworn in by the House Co-ordinators. This marked the beginning of the journey driven by the common goal of lifting the various trophies spread over the year.

To invoke God's blessing, the Head Boy concluded the ceremony with a prayer, which was followed by the inspiring words of the Chief Guest. It was a memorable day in the history of our alma mater Mount St. Mary's as we progressed into a fresh year with a promising leadership to steer us towards greater heights.

RED- our colour, the colour of fire and blood, power, courage and leadership, symbolizes Hogan House.

2018-19 has indeed been a roller coaster ride with its highs and lows. Without Mrs. Lata Nandakumar, Mrs. Shailja Dubey and the house prefects, who are the backbone of the house, nothing would have been possible.

Fulminis Instar- our motto meaning 'Let us shine with God's blessings' induced a sense of motivation in us to move forward. Inter-school activities, bulletin boards, sports activities, we participated in all with great enthusiasm and even won many of them.

The Cultural Fiesta had us showcasing our creative side as one could sense the youthful exuberance of the Hoganites. Our hardwork did pay off when the house won 'The Best Discipline' Trophy in the Fiesta. The year came to a crescendo with the most awaited and final event, Sports Day, where our athletes won medals and brought glory to the house. The sincere hardwork and teamwork shown by Hogan House resulted in the house winning 'The Best Marching' Trophy.

The year indeed was an exciting one. A big hand to all the Hogan council members and students for putting in their best efforts. May the red flag fly high, and may the future Hogan Council continue with the good work in the years to come.

Success and Failure are the two sides of a coin. You just need to flip it. Hughes House takes pride in rising, falling and yet rising again like a phoenix from the ashes!! We are unstoppable. In our endeavour to better ourselves, we came out as passionate leaders, talented team mates and compassionate comrades. The year gone by was one of mixed experiences with a journey to remember. Some of us triumphed in victory and some of us lost. But in both cases, we learnt and moved, on drawing inspiration from each other. Our House Coordinators always smiled an encouraging smile and patted our backs. Their able guidance and positive approach fortified our determination to strive for the best. They led our way with no shortcuts. Moving a step further towards our Motto of being selfless, we look forward to the year 2019-20 as a year of hard work leading us to excellence and bigger triumphs.

We will look up.....
We will see the stars...
We will not stop....
Until success is ours!!

For Every Student In Green, What A Year It Has Been!

House Motto: Respice de Stellam

'Keep your eyes on the stars and feet on the ground' is the spirit which blooms and flourishes in every student of Parkinson house. In keeping with our motto- "Reach for the stars" we strive to be the best amongst the best. We proved ourselves through our hard work and determination. Be it cultural fiesta or sports, we excelled in all fields. Bagging the first position consistently for the bulletin-boards, showcasing our creativity in morning assemblies.

We did it all with aplomb.

The Year 2018-19 has been an upward trajectory for Parkinson House. Best Cheering Trophy in Cultural Fiesta, the Best House Overall in Cultural Fiesta. Most Disciplined House Trophy on Sports Day, and our greatest pride culminated in the Best House Overall Trophy on Sports Day.

The house colour- Green- is full of life, energy and vigour. The house served as a platform for each member to showcase and develop their talent and hone their skills. We would like to express our sincere gratitude to our Principal Reverend Brother Saji V.J. for his unstinted support and guidance.

Our house coordinators Ms. Savita Saxena and Mrs. Tessa John have zealously worked and their efforts have paid off as the house has grown from strength to strength.

With glorious achievements under one cap this year, we have come a long way and hope to continue our winning streak in the coming years.

Price House Motto IN VIVIA SIN VINCES meaning "Be vigilant and you will advance."

The colour "blue" is not just a colour, it is an emotion. An emotion which stands for loyalty, strength, wisdom and trust and we have proved it all. Every competition, every event brings new challenges and responsibilities. This year has been a test of our strength and our weakness, times when we celebrated and times when we put our nose to the grindstone. Competitive zeal and indomitable will power was found to be truly alive in the students of the house who took strength from their ongoing spirit. The spirit of the house was manifested in every circle of activity. Though we do not boast of many victories, yet we were a formidable force to be reckoned with. From winning the Best House Trophy in the Aquatic Meet to shaping ourselves for the better, it has been an eventful year. We won some, we lost some but the fire to win kept burning. We believe that "With time and patience, the mulberry leaf becomes a silkworm."

Senior School Award Ceremony

The anticipation in the auditorium sparkled in the air, like electricity. It was the day of the Award Ceremony. It was the day when the students were felicitated for their dedication and hard work in numerous fields; such as music, sports (Basketball, Football, and Cricket etc), academics, co-curricular activities amongst several others. As the extremely proud parents were seated, the young awardees could hardly contain their excitement.

Marians, neat as a pin, lined up to receive their prizes on stage; their faces aglow as the auditorium thundered with applause. The School Co-ordinators handed out the trophies to the deserving students and pictures were clicked to record the moment forever. It truly encouraged all the students to participate in school activities with more vigour and passion, and taught them the true spirit of teamwork and sportsmanship. Several instituted awards were also presented to worthy candidates. As the morning drew to a close, parents and students were tired from clapping but that did nothing to dim their high spirits. It had been beyond doubt, a memorable day for everyone.

A Clarion Call To Educators

Mount St. Mary's School, Delhi Cantt organised a progressive faculty development program under the acclaimed trainer, Dr. Joe Arimpoor (Director of DB ARK, Delhi) on 7th of July 2018. The workshop dwelt on the theme – "TOWARDS MORE EFFECTIVE TEACHERS, CLARION CALL TO EDUCATORS: CHALLENGES AND STRATEGIES". The objective of the workshop was to provide an opportunity for Educators to refresh their thinking and reinvent their approach, skills and techniques to overcome pedagogical obstacles.

The workshop was attended by Rev. Bro. Arockia Raj (Vice Principal), Mr. Dhiraj Dhall (Senior School Coordinator), Mrs. Filomina Jose (Middle School Coordinator) and Mrs. Neelam Kotnala (Junior School Coordinator), along with the entire staff.

Fr. Joe Arimpoor, introduced and explained the concept of Parallel thinking and components necessary for the new system of education. He focused on the need of encouraging the analytical, critical and integrational abilities found in students and spoke at length on the evolution of the theories of intelligence.

Six Thinking Hats by Edward de Bono is a simple, effective parallel thinking process that helps people be more productive, focused, and mindfully involved. A powerful tool set, which once learned can be applied immediately! One can learn how to separate thinking into six clear functions and roles. Each thinking role is identified with a coloured symbolic "thinking hat." By mentally wearing and switching "hats," you can easily focus or redirect thoughts, the conversation, or the meeting. The workshop included activities which took the teachers a step closer to their teaching goals.

Independence Day Celebrations

On the pleasant morning of 14th August 2018, the celebrations for the Red Letter Day began, accompanied by light sprinkles of happiness in the air. The event began with zeal and patriotic spirit. The choir set the pitch for the program with songs which were enough to give us goosebumps. The students expressed their sentiments and aspirations for the country through English and Hindi poems. A wonderful dance performance by the students of Junior School reminded us of the diversity in India. The students showcased different dance forms like Bihu, Garba and Bhangra. We were introduced to those who fought for our freedom – THE HEROINES OF INDIA. Yes, this year was special as it focussed on women who had fought for our country's independence and had stood equal to men. The stories of Rani Laxmi Bai, Kasturba Gandhi, Kamla Nehru and Aruna Asif Ali inspired us and taught us that you don't need a moustache to make a difference. Then a song sung by the winners of the 'Desh Bhakti Sangeet' Competition brought out the patriotic fervour in every member of the audience. The event concluded with a speech by Bro. Arockia Raj in which he urged today's generation to value the freedom we have secured after the sacrifices of many.

Bro. Aloysius Matrix - Ecomm Symposium

The 18th Bro. Aloysius Matrix-Ecomm Inter School Symposium 2018 was conducted on 18th August, 2018. It is a prestigious event organised annually by the Matrix Clan (Computer Club) and Ecomm buzz (Economics Club) together.

The event was inaugurated by Dr. Tej Pavan Singh Gandhok. The event began with the lighting of the lamp and a speech by the Chief Guest. After the inauguration ceremony, the event was declared open and the students were asked to proceed to different venues for their respective events.

The competition included 8 challenging events thus, broadening and testing the knowledge of

the students of various participating schools. The events organised were Brand Ad, Symposium, Pitch Perfect, Quiz, Gaming, Programming, Matrix Minecraft and Unanimity.

We saw all the schools competing enthusiastically and finally Delhi Public School, Vasant Kunj emerged as the winner.

With days and weeks of preparation, team work, support, coordination, and guidance from our teachers we were able to organise the much awaited event of the year. The event gave us an opportunity to expand our horizons too.

Christian Parents' Seminar

Start children off on the way they should go,
and even when they are old they will not turn from it.

Proverbs 22:6(NIV)

Parents are the most important people in the lives of children. Since birth, parents play their role, to protect and care and to chart a trajectory that promotes their overall well being. While parents are filled with anticipation about their children's blooming personality, they are very often confused about what to do, especially when a child faces certain issues in life.

On Saturday, 25th August 2018, our school organised a seminar for the parents of the Christian students on 'Christian Parenting'. Rev. Fr. Keni Philomin Raj spoke about the 9 Psychological problems children face due to poor parenting, which included anxiety, suppression of talents, depression and guilt, lack of independence amongst others.

Rev. Fr asked the parents to allow the child to daydream, though their dreams may be unrealistic; no one could've gone across the globe in an aeroplane if the aspirations of the Wright brothers had been suppressed. Many children fail to confide in their parents due to their over-protective or authoritarian nature and thus tend to trust peers who might lead them

astray. Teaching "stranger danger" might be helpful when a child is young but constantly telling a child that no one on the face of the earth can be trusted will end up having a negative effect on their lives and might also affect their relationships. A child when constantly compared to someone else, tends to lose self-esteem and grows up comparing himself to others. They believe that they aren't capable of doing anything in life. If a parent constantly tells their child about their sacrifices for them, this could cause them to feel guilty and unworthy.

Father also recommended that children be encouraged with their hobbies and interests and to take part in co-curricular activities, but they should not forget academics for academics is the measure with which the world gauges an individual. Father also stressed the need to pray together as a family and to read and meditate on the Bible. It was indeed worthwhile to be a part of this seminar.

Prakriti Mahotsava

On a rainy Friday of 27th August, 2018, Prakriti Mahotsava was observed in our school. Students of all classes and teachers alike got together to make our lush green campus a little greener by planting saplings in various spots around the school. The Vice Principal Bro. Arockia Raj joined in to help plant the saplings on the school campus. The Junior School students planted saplings near the grotto while the Senior School students planted the saplings near Shantiniketan. The rain soon followed, watering the plants for the first time in their new homes. The Mahotsava was the first of many steps which MSM took in making Delhi, India, and the world a better and greener place.

TEACHERS' DAY CELEBRATIONS

It is that day in September which is eagerly awaited by all students. A day when they express the love they have for their guiding lights- THE TEACHERS. Class XII, our soon to be graduates, puts up a performance every year on this occasion. This year the batch of 2018-19 put up a lively and joyful programme, including a skit, a dance and a choir to sing songs which were not only meaningful but also made all the teachers nostalgic. The skit was about teachers' everyday life in school, handling students' tantrums, from submission of notebooks, to them pleading for extra marks in the answer sheets. But most importantly the skit reminded us of how precious our teachers are.

It made us realise how much our teachers love us and want nothing less than the best for us. It made us perceive how privileged we are to have such educators who selflessly give us their all for us to achieve what we want to, in life. Dear teachers, we will always and forever be grateful to you.

TEACHERS' WORKSHOP

On 8th September 2018, the teachers of Mount St. Mary's School attended a workshop led by eminent author and life coach Kulpreet Yadav. The social, intellectual and emotional landscape of an average child has changed fast in the last decade. Thus, the rules and norms which were applicable and useful 20 years ago are unsuccessful today. Keeping this fact in mind, the seminar focused on the challenges faced by the millennials and the problems that arise before the educators in their aspiration to impart a meaningful and relevant education.

The workshop urged the teachers to keep an open mind and explore more contemporary aids in teaching like technology. Mr. Yadav insisted that since technology was such a huge and essential part of a child's life, it was imperative for teachers to embrace it and use it to the fullest. As India is moving towards a new and different economy, the children ought to be prepared for unconventional jobs. To further this aim, the facilitator advised teachers to focus on the reading and writing skills of children as they help students to tap into their unconscious. The need

to maintain a friendly and approachable parenting and teaching style along with instilling old world values was also emphasized. Through problem solving activities and group work, the seminar showcased the possibility of creating a healthy learning environment for children.

The physical stamina and endurance of the students seems to be dwindling, and the workshop urged educational institutions to keep up the tradition of sports activities. The workshop touched upon some very relevant and contemporary issues and concerns faced by teachers and parents alike and showed us how the solutions to our challenges were always round the corner. All we need to do is keep our heads and hearts open and amenable to the possibility of change and growth.

BIENVENUE, BRO. PETER RYAN

On 16th October, MSM had the privilege of welcoming Superior General of the Patrician Brothers' Society, Bro. Peter Ryan, MSM stood spellbound as Bro. Ryan charmed everyone with his easy grace, vivacity and simplicity. MSM took Bro. Ryan on an elaborate tour of Delhi and presented an enlightening saga of the evolution of our beloved city. We took a trip down the memory lane as Marians showcased the capital city of Delhi in all its splendour from the spiritual mysticism of the Sufi saints, to the regal residence of the Mughals. As the students gyrated and sang to the spirit of patriotism of our freedom fighters, we were reminded of the beautiful legacy we have inherited in the garb of this ancient city. It was a befitting introduction for The Superior General, who later urged the audience to fulfill their duties as students and citizens. It was another red letter day for MSM, as we created memories that we will cherish forever.

Cultural Fiesta

Some people dream of success, while other people get up every morning and make it happen.

-Wayne Huizenga

The 26th of October, 2018 was a new day, full of excitement as the most awaited Inter House Cultural Fiesta arrived. It was a platform for the Marians to showcase their talents by taking part in a number of exciting events. The two day fiesta provided a plethora of opportunities to budding Marians by bringing the best out of them. After weeks of hard work and practice, the students raised the bar to another level with their performances.

The four pillars of MSM namely Hogan, Hughes, Parkinson and Price competed against each other while maintaining fair play. A feeling of enthusiasm could be felt as everyone cheered

for their respective houses. The most breathtaking and awaited part of the Cultural Fiesta was the distribution of the overall trophies, namely for the 'Best Cheering', 'Best Discipline' and the 'Best House'. Amidst continuous cheering, the winning houses were declared. The 'Best Cheering' Trophy was bagged by Parkinson House, the 'Best Discipline' Trophy by Hogan House and the overall trophy for the 'Best House' went to Parkinson House. The Fiesta was indeed a huge success.

Children's Day

On the 14th of November, we celebrate Children's Day to pay tribute to freedom fighter and First Prime Minister of India, Pt. Jawaharlal Nehru. It is one of the most awaited days as the students get to see a cultural programme performed by our beloved teachers. The celebrations started with a prayer, followed by the teachers expressing their feelings for the students. The students then had the privilege of listening to the angelic voices of the teachers as they sang a medley of old and new songs. The teachers also performed a humorous skit and an energetic and graceful dance. The morning was concluded with a remarkable speech given by our Pricipal Rev. Bro. Saji V.J, telling us how we were in the prime of our lives and we should always try to live these the days of our childhood in the best way possible.

BRO. BERGIN'S

Music Meet 2018

“ Music gives soul to the universe, wings to the mind, flight to the imagination and life to everything ”

To prove this quote, the students of Mount St. Mary's School burst into melody on 17th November, 2018; the day our school hosted the Bro. Bergin's Music Meet. Schools from all over Delhi participated and competed to show their musical talent. The 37th edition of the much awaited Bro. Bergin's Music Meet was here, and talented musicians from different schools had gathered under one roof for the ultimate battle of melodies; all for that one most coveted 'Overall Trophy.'

Mrs. Sangeeta Bhattacharya was the Chief Guest for the Western Music competition Mrs. Nalini Jain, a reputed danseuse of the Kathak form of

dance was the chief guest for the Indian genre of music. Of all the participating schools, five took part in Indian Music. All the trophies were bagged by Somerville School, Noida. Eventually they were declared the overall winners, leading to much excitement and happiness all around.

The second half of the competition was Western Music. Of all the schools that competed so enthusiastically, Somerville, Noida won the overall trophy in this genre as well. Just like every year, Bro. Bergin's Music Meet came to a successful conclusion.

Last Assembly Class XII

"It's our last chance to share the stage

before we go our separate ways." These were the thoughts of class 12th

students as they presented their last assembly on 4th December 2018. As the sun shone on that beautiful cold morning, it was a time to relive all the memories, a time for gratitude and a time for goodbye. The students expressed their feelings through song, dance, and skits. Their skit showcased how the school has nurtured their talents and has given them a future to look forward to. All the students expressed themselves creatively and as they thanked their teachers for all they had done for them over the years, they also took a moment to leave some words of inspiration for their juniors. As difficult as it is to prepare an assembly, especially for the last time, the seniors did it with grace and beauty. Just when the caterpillar thought her life was over, she spread her wings began to fly and so will the class 12th students as they say "Auf Wiedersehen."

SPORTS MEET

Mount St. Mary's School organised the Annual Sports Meet on December 8th 2018 for classes Prep to XII. The grand opening ceremony and unfurling of the flag signaled a wonderful start to the day. Shri Dharmendra Singh Yadav (Olympian, Arjun Awardee & Yash Bharti) was the Chief Guest.

The Sports Meet started with the relay of the Torch by the White House, followed by Lighting of the Flame. The Chief Guest then declared the Annual Sports Meet Open and the Athletes took the Oath. This was followed by athletic events. The highlight of the Meet was the March Past by the Houses which exhibited discipline and diligent practice by the students.

At the end of the Meet the Sports Flag was lowered by the Sports Captain Tanvi Kajal and handed over to Bro. Saji V.J., to be unfurled at the Meet the next year. The Best Disciplined House as well as the Best Overall House was Parkinson, while Hogan House was judged the Best House in the March Past.

Christian Parents' Programme

Christmas came early to MSM with the programme for parents of Christian students, held on Saturday, the 15th of December 2018. The school auditorium was filled with an eager air of expectancy as the curtain went up, signaling the start of the variety entertainment organized by the students themselves. There was music, there was dancing and there was drama – something for everyone. The entertainment came to an end with everyone singing carols, after which they moved to the front lawns for refreshments.

Mrs. Anita Adiseshiah

Christmas Day Celebration

"For it is in giving that we receive."

The winter chill brought alive the message of Christ's life this year as the auditorium reverberated with jingles and hymns. The students could be seen in exotic costumes performing their best to remind everyone about the birth of Jesus Christ. The program started with the Nativity play which was a huge success. Carols were sung by the choir which was soon joined in by the audience rapt in the melodies. The program ended with a vote of thanks by Rev. Bro. Saji V.J. who spoke about the beauty of not receiving but giving. He also talked about keeping the spirit of Christmas alive in our hearts as we move forward towards the next year.

Farewell Class XII

AU REVOIR

"This is not the end, this is just a long goodbye". The final countdown for the batch of 2019 in their second home, MSM, ended on 19th January, 2019. The day started with God's blessings as the class 12 students offered the traditional diyas as a token of their gratitude to the almighty and this prestigious institution. The prayer ceremony was followed by the passing over of the radiance where the White House passes on their duties and responsibilities to the upcoming White House. A proud moment indeed. What followed next were the performances put up by the students of class 11 reminding their seniors of their 'glory days'. A heartfelt medley of songs, showcasing their love for the outgoing batch was the perfect way to start off the journey on the road of nostalgia. The class representatives for each class expressed their gratitude through their speeches followed by the dance, which was a sight for sore eyes. To tie the ribbon at the end, the Headgirl and Headboy gave their final speech speaking about their journey in MSM. The day finally ended with all the class 12 students capturing memories for years to come.

A very good morning to one and all present here. Today I'm standing here to represent class 12-A, batch of 2019.

Thirteen long years passed in this beautiful red building but, it feels like only yesterday, that we entered this school. We were handed over to our teachers, some crying out loud with the fear of staying away from our parents, while some happy to find new friends in a new place.

Years passed by, finally came senior school where we had the pressure of studies but never missed a chance to enjoy each day

with our classmates be it in class, Teachers' Day, The Cultural Fiesta or our last assembly.

Well, if I come to the memories we cherish, there are loads of them. As much as I've looked forward to this day, I've always disliked endings. But endings are inevitable, you have to close the book, you have to say goodbye.

I would like to thank our Principal Rev. Bro. Saji V. J., our Vice Principal Bro. Arockia Raj, our Coordinators, teachers and each and every person sitting here for giving us this opportunity to learn new things each day, providing us with a beautiful environment, for helping us to make such beautiful memories and for making us good human beings.

Now, to all my juniors, don't be afraid to make mistakes, to stumble and to fall because most of the time, the greatest reward comes from doing the things that scare you the most. Maybe you'll get more than you ever imagined. Who knows where life will take you...

It's a long road and in the end, every step of the journey is a destination in itself.

But, always remember, wherever you are in future, you will always remain a Marian. Because, once a Marian, forever a Marian.

**Dakshita Verma
XII-A**

Today, as I stand before you all, I feel honoured and sad at the same time, honoured because I have the opportu-

nity to deliver this speech, sad because it's me who has to do the tough job of wishing goodbye to all of you on behalf of CLASS XII B.

I would like to take the opportunity to thank our Principal Rev. Bro. Saji V. J., our Vice Principal Rev. Bro. Arockia Raj, Coordinators and our beloved teachers. Without their constant support and guidance, we would not be what we are today.

You've moulded us in every way possible, you nurtured us and protected us when we were falling.

These 13 years have been the most memorable years and I will cherish all the memories till the end of time. To my classmates, I would like to wish the best of luck for their future endeavours and would like to thank them for being a constant support.

Once again, I would like to thank my teachers for what we have achieved but most importantly for what we will achieve.

**Thank You.
Yatharth Adlakha
XII-B**

Little did we know, that in the same way; we walked through the gates on the first day of school, crying...we would leave too, in tears.

School. You know you've grown up when you're filled with longing and nostalgia when you hear the word. Where did the time go? It went in making friends for life, went in chasing assignment deadlines, time flew when we discussed the latest going-ons; movies, songs

and all the sweet nothings, all these things were our world. And yes, we're going to miss it all, miss wearing the uniform, miss the morning assembly, miss the rules...everything. I think the reason why bidding adieu to school is so tough, is because we have never known a time without it.

MSM was our safe bubble, a world of our own; leaving it is like the time your father let go of the cycle when you were learning to ride. You had held on for so long, that you don't know what it's like when you're on your own.

And I know I speak for all the twelfthies here, when I say that; if we had to do it all over again, we absolutely would. All the exams, poor marks, heartbreaks, fights...what wouldn't we do to be students once more.

School, it's now going to be that

old, familiar song, which you will always love no matter how many new songs you hear. That song, which reminds you of a happy, simpler time; the song whose lyrics you will know by-heart, for all eternity.

A word of advice to our juniors; for all of you, the song isn't over yet and just remember to make the most of it. The highs and the lows are what make it so beautiful. An unending thank you to our teachers, the unsung superh-eroes, the wind beneath our wings. And we the students of class 12-C, batch of 2019; forever pledge to uphold the values and spirit of this great institution.

And now as I think about it, never again will we write our names in those blue notebooks, never again will we be told to walk in a line or maintain discipline...you must be thinking us to be crazy, to miss these things; but believe me, you'll understand when the time comes.

Before we sign out for the last time, a thank you to our Principal; Rev. Brother. Saji V.J. and our Vice Principal, Rev. Brother. Arokiaraj. And

who could forget our coordinators; our heartfelt gratitude to Mr. Dhiraj Dhall, Mrs. Filomina Jose and Mrs. Neelam Kotnala, for being our guiding lights. And then we arrive at our classteacher, Ms. Mridula Keswani; ma'am your spirited discussions were a blessing and you always stuck with us, scolded us and looked after us; and for that we thank you ma'am. Without you, our class wouldn't have been complete.

A sincere thank you to our juniors, we know first-hand the amount of effort you all must've put in and we wish you all the very best for the year to come. But for us, time has run out and so have the words...and we all know, in our heart of hearts; that no matter what happens, no matter who we become, we will always have a home in MSM.

We are Marians now and we will be Marians forever...

REPUBLIC DAY CELEBRATION 2019@MSM

"At the stroke of the midnight hour, when the world sleeps, India will awake to life and freedom. A moment comes, which comes but rarely in history, when we step out from the old to the new, when an age ends, and when the soul of a nation, long suppressed, finds utterance." - Pt Jawaharlal Nehru

The 70th Republic Day was celebrated in all its solemnity and grandeur at our school on 26th January 2019. A general assembly was put up by the students of our school to commemorate this event. The students took pride in glorifying and celebrating the spirit of unity.

The programme commenced with an introduction to the Republic Day. It was followed by a colourful dance and a skit on the struggle for independence and the sacrifices made by the freedom fighters. The constituent Assembly was enacted by the students who were dressed up as its eminent members. They highlighted the importance of

framing the Constitution keeping in view the diverse nature of our country and also discussed its unique features such as Sovereign, Socialist, Secular, Democratic and Republic which are enshrined in the preamble. The school auditorium reverberated with patriotic fervour and enthusiasm. Beautiful dance performances by the Junior and Senior students left the audience spellbound.

The celebrations culminated with the address by the Principal Rev Bro Saji V.J. He threw light on the Indian Constitution and explained why it is considered a living document. He also appreciated the efforts of the students and congratulated them for putting up a wonderful show. The celebrations did really mark the day.

Indeed, it was a day to be remembered!

Prayer Service

*"When two or three are gathered in my name,
I am present there..."*

On the 31st of January 2019, there were certainly more than two or three gathered in the School Auditorium for the Prayer Service. In fact, it was the entire Class 10 Batch of 2019 present there. There was a hushed air of reverence and solemnity as the students silently filed in, holding lit diyas in their hands, led by the Principal, Rev Bro. Saji V.J., Vice Principal, Rev Bro. Arokiaraj and the School Coordinators.

This was followed by a short, heartfelt series of prayers for the students as they would soon be starting their study leave, prior to the Class 10 CBSE Board Examination. The students also made an offering of various objects that were of significance to them in their preparation.

The Prayer Service came to a close with the Principal, Rev Bro. Saji V.J. pronouncing a benediction on the students. The students were visibly moved as they left the Auditorium in silence. Our prayers for their well being and success go with them.

Annual Science Exhibition 2019

Tim Minchin said, "Science is simply the word we use to describe a method of organising our curiosity". And we Marians were given an opportunity to channelize our scientific curiosity and inquisitiveness on 2nd Feb, 2019 in the form of the Annual Science Exhibition. The inaugural lamp for the Exhibition was lit by our Principal Rev Bro Saji VJ, Vice Principal Rev Bro Arockiaraj and our School Coordinators. A distinguished panel of judges included assistant professors, doctors, paediatricians and engineers from the defence forces. The judges were all agog, yet, patiently observed the models and interacted with the students.

The sixth graders had made wooden pyramids, electronic quizzes and models on the topics of health, nutrition and well being. The students of class seven were to make models on Resource Management. Their projects comprised wind mills, solar cookers, bio gas plants, air borne wind turbines, hydraulic lifts and even a bicycle that can be used to ride on water.

The standard eighth pupils were given a choice to either make their exhibits on 'Universe - A Mystery' or 'Beat Plastic Pollution'. The class nine class students came up with intriguing projects on hydroponic farming, solar cars and tuned mass dampers as their topic was Automation and Earth Science matters. The class eleven students had complicated working models like a mechanical wheel chair, an automatic fire fighting vehicle and a resonant inductive coupler on the show, all corresponding to the sub topic o-Automation.

The auditorium exuded an air of effort and hard work that had been put in to make every project special. To conclude, the Annual Science Exhibition 2019 was successful in not only making the students more knowledgeable about scientific principles and their applications but also in teaching us teamwork and co-operation.

Green is the colour of fertility, the colour of abundance and also the colour most popularly associated with St Patrick, the patron saint of the Patrician Brothers. Every year on the 17th of March, as the MSM fraternity celebrates the Feast of St Patrick, however, the MSM grounds come alive with every colour of the rainbow, not just green.

The celebrations started with the Holy Mass in the School Auditorium, offered by Fr. Sajjan, a Salesian Father, who came all the way from Don Bosco in Okhla. After the solemn beauty of the Mass, the gathering moved to the lush green lawns which were draped in multi coloured buntings, for a lavish breakfast. The colour of the day was undoubtedly green, seen in the various hues of this colour worn by each and every member of the staff. Special guests included the Sisters from Loreto Convent and Mr. Martin Cronin and Miss Gemma Kentish from the Irish Embassy. Many former members of the staff along with their spouses were also present and the occasion was a happy reunion for all those who were meeting after a long time, as well as an opportunity for everyone to feast and to mingle.

Wedding bells rang out for several members of the MSM family

Ms. Mridula Keswani's brother Rajan Keswani got married on 13th December to Prerna Malhan.

Mrs. Susan Pavamani's daughter Ms. Malavika Rachel Pavamani began a beautiful new chapter in her life with Mr. Amartya Banerjee on 17th November, 2018.

Mrs. J. Mathevi's son Mr. Vivek Chandran tied the knot with Ms. Kumkum Saini on 27th December, 2018.

Congratulations also go out to Mrs. Renu Gupta whose daughter Ms. Aastha Gupta married Mr. Kush Mahajan on 14th April, 2018.

May the years ahead be filled with lasting joy in the lives of all the newly weds.

A couple of younglings also added joy to the year. Our Middle School Co-ordinator Mrs. Filomina Jose became a doting grandmother to Ezekiel Mischka Joseph on 1st December, 2018 and on 13th September, 2018, Mr. Sandeep was blessed with a little bundle of joy, a baby girl, Shannon Singh.

We congratulate them both on behalf of the MSM family.

The phenomenon, which can be observed is called as graffiti art. The purpose of this club is washing the dust of daily life off our souls. Art enables us to find ourselves and lose ourselves at the same time. The principal aim of this club is not to portray, but to evoke. Art is the expression of creative skill and imagination, typically in a visual form such as painting or sculpture, producing works to be appreciated primarily for their beauty. This club sees what others only catch a glimpse of. Art has the power to transform, to illuminate, to educate, inspire and motivate. Art is the language of communication. Painting is poetry that is seen rather than felt and enables us to realize the truth. Art is the only serious thing in the world and an artist is the only person who is never serious. Paint your own reality and success is in your hands. Through this club, children have long learnt to express without speaking. And thus the Art Club of MSM has a language of its own.

The Ecommbuzz is the economics society of Mount St. Mary's school. Every year it jointly hosts the prestigious Bro. Aloysius Matrix-Ecomm symposium, a tech and economics event of the school, along with the Matrix clan. The symposium always receives a huge response from all corners of the city. Aside from hosting the school's own interschool competition the club also takes part in various interschool events and this year alone it secured 6 podium finishes. This club is for students who have a keen interest in economics and ecommerce and it also tests their existing knowledge for the same. The EComm buzz focuses on developing interest of the students in the economics and business field, and for doing so various activities are conducted like the Quiz, Debate, Paper Presentations etc. A very unique feature of the society is that it gives a golden opportunity to the members to develop business ideas by preparing pitches for the same. The members also design Advertisements and perform the same, as it helps them understand the minute details of the Ad world and also helps improve their creativity. The Ecomm Buzz society is one of the well established societies of Mt. St. Mary's. Remember every year the members may change but the buzz never dies.

Science is the study or knowledge of the physical world based on observation and experiment. It is a struggle for weeks, months and even years sometimes leading to dead ends with no result. But in many cases it delivers great gifts to humanity. Everything we do has a science behind it. 'Nature composes some of her loveliest poems for microscopes and telescopes.' This quote by Thomas Roszak implies that secrets of nature can only be understood by science. It has changed the way we live.

This is the first year of Eureka, the Science Club of MSM. Our purpose is to make students aware of interesting theories by famous scientist like Sir Isaac Newton, Albert Einstein, Sir J.C Bose, C.V Raman and many others and also about new inventions that will change the future. We hope that this club will encourage students to develop their scientific mind as it continues to grow.

With the motto "Together we can and together we will", the Green ambassadors pledge to work in an environment friendly manner. The mission of MSM's club is Go Green, to raise the students' interest in environmental issues and to get the students actively involved in environmental matters.

The club also seeks to conserve nature's heritage through education and direct conservation efforts in order to spread awareness about good environmental practices like, ban on plastic, proper dumping of garbage, planting of trees etc. The club organises a plethora of activities to sensitize children, and the future generations to safeguard the environment and enable us to move towards a greener tomorrow. Eco club is a platform which helps students to build attitudes, acquire a set of values and a concern for the environment, and it provides motivation for actively participating in environmental improvement

In a world where rote learning is forced upon students even as the skills required to be successful stray further away from that ideal, Implico aims to bridge that gap by training students on the effective use of their mind. Events like Sudoku and chess, while interesting and challenging in their own right are also tools that make the participant the master of their mental and physical faculties. Organising intraschool events and participating in interschool competitions are some of the various ways we push students towards excellence. Games such as Chess, Sudoku, Crossword, Origami and Rubik's cube, while seemingly different on the surface, have out of the box and critical thinking at their core; taking the road less travelled, as it were. Deviation from the methods espoused by the common rabble may seem to be the easy way out but at the end of it all, it is the Adventurer that blazes the trail and clears the way for others to follow. And so it is in these games of logic and will.

It is not victory that matters, but the overall learning experience. We believe:

"You have nothing to lose but your chains."

“Dancing is an art and the floor is your canvas”. The dance club of MSM abides by this motto whenever they present a performance on stage. When things get stressful dancing is their escape. The members of Insync are truly passionate about this art. Every year they put up an assembly where they portray their emotions through dance, presenting their skills at the same time. The Insync members have also participated in many group and solo inter school competitions as well. Whenever the dance club performs they bring life to the stage preserving it, in the memories of the viewers; a sight to be seen and remembered.

Have you ever heard a song on the radio only to somehow be reminded of a feeling you felt years ago when you last heard it? You are not even sure when you last heard it, or who you were with when it was playing, but that feeling from when you heard it remains. The power of music is ubiquitous. There is something about music that can heal us, shape us, and change the way we feel. What is so great about music...? Everything. We might be from different parts of the world and have different cultures, but there is one thing that every culture has in common: music. It is a huge part of everyone's life and unites peoples and cultures.

The western music club, La symphony values student's involvement, their commitment in producing high quality work and in supporting each other as peers. Being in the club we have learned that winning is not always the most important thing, what matters most is that we learn something from our defeat and strive to improve ourselves each time.

It's the science and art of recognizing where technology is taking this world that catalyzes the people that use technology to create the world that we want to live in. Technology isn't a tethered knowledge, it's a transition that's difficult to research on. It's not 10 years of predicting. It's two years of forward looking.

The Matrix Clan is the IT club of Mount St. Mary's School, Delhi Cantt. Since its inception in the year 2000, the club has grown extensively to become a self-sustaining institute for nurturing young talents. The Clan has become a tough competitor for other schools.

The Matrix Clan is one of the most sought-after clubs in the school, based on the application of pure skill and crafted intelligence. 11thies and 12thies make up the clan, but it is supported by the entire school with great enthusiasm and zeal. All the members of the Clan unite to be a group, as the output of an individual gets ignited with a team.

The club co-hosts the mega IT festival of the school 'The Bro. Aloysius Matrix Ecomm Symposium' with great pride and dedication. The Symposium gathers the next Sundar Pichai and Bill Gates from all the schools across Delhi NCR. The aura created at the Symposium is full of blooming minds which helps every child to gain knowledge. Interacting with each other in itself is a step closer to success. Out of all the many wonderful events, we organize Unanimity-a 3D modelling competition, Matrix Mindcraft-the quiz, Cypher-The Treasure Hunt, especially for those interested in brainstorming work. Gaming and Programming, are some events that won't let you blink your eyes. Anyone can participate in these competitions but only the exceptional and the best among them get away with the prize.

No-one knows what the real essence of The Matrix is. You'll have to see it for yourself. This year DPS Vasant Kunj came, participated and were the proud Overall Winners.

"A reader lives a thousand lives before he dies. The man who never reads lives only once." These beautiful words by "George R.R. Martin" help young budding minds in the reading club. The "Odyssey Club" opens up a new world to the young minds and expands their imagination. A world where nothing is impossible, animals talk, people fly and super powers are the main attraction. Books and reading are an escape from the ordinary world. They take you to a place you never knew existed. A world where Harry Potter and his spells come to life.

Fiction is read by all & liked by all. Books play an important role in shaping the pronunciation & vocabulary. Non-fiction & Biographies of various personalities inspire us to move ahead, inspite of all the hiccups. Here at Odyssey, we promote the imagination of students & invite them to step in to a whole new world among the characters unknown.

Reading inspires, empowers and provides a link to all education throughout one's life. The greatest gift is a passion for reading. The word Odyssey means Journey and we, the literary society undertake/commit to a journey which aims at fostering a love for books and literature in students. The review we broadcast/notify/discuss, each month, of each book unleashes a new spirit in the listener and enlightens students eager to read. We provide the perfect atmosphere for a bibliophile and sublimely motivate a budding author to bloom.

“Intellectuals debate, fools just argue.”

A debate club allows students of all abilities a fun way of developing their oratory skills. One can use different activities to help students with their critical thinking and confident communication. The club also helps students to become more informed about political and global affairs, and provides avenues for students to train for debate competitions.

Every individual residing in this world has a unique thinking and perspective of seeing different things. 'For the motion or against the motion', these two disparaging ideas not only allow a debater to expand his views on a particular topic, but also gives a dynamic dimension through flow of thought, provoking ideas which act as catalyst for the speakers involved.

To be a debater is to smile proudly, walk with your head held high and voice ideas like a lion's roar. A debater is the one who studies even mere issues with great interest and further speaks with great conviction. He has the capability of defending his thoughts while giving due respect to the perspective of fellow speakers.

We, the Debating Society of MSM believe in the endless possibilities which stem from the process of learning.

PIXELS is the sole photography club of MSM, with the official responsibility of photographing all the events in MSM. We work behind the scenes to capture every moment from the best view possible. We look at the world through our lenses in all different perspectives, we freeze moments in time. Our camera is our third eye and we cannot snap out of it! Photos to us aren't just mere documents; they are evidence of an invented world and the fables we enact in that world. It's an extraordinary way to bring to light certain moments that words can't articulate.

The idea of a photography club and the passion all members of PIXELS share for it in the school is infectious as there is so much to discover in this field in MSM. The beauty and greenery of MSM is also what attracts us to capture them. We are provided with all the facilities and are given responsibilities so that we take our skill in the field to another level. As the proud President of the club, I would like to thank all members of PIXELS who have worked hard and used their creative minds to click all the memories!

'Knowledge is power and it's a fact that only power rules the World.'

Quizzing is the art of the intellect. General knowledge contributes to personal enrichment and a better understanding of the world as a whole. We, at Renaissance aim at identifying students talented in quizzing and create opportunities for them to sharpen their quizzing skills. The Club aims to update the knowledge of the students in various fields like academics, general knowledge, analytical abilities, quantitative reasoning etc. It tries to provide facts related to general knowledge and information regarding current affairs of national and international importance. It intends to empower the students with knowledge and create interest and curiosity to collect information related to different fields and aspects of life. It aims to bring to light something new and interesting every time. The club helps to channel the interest of the students in all the spheres of life since it goes beyond their prescribed syllabi.

It exposes them to knowledge and a healthy competitive spirit. It not only helps to identify the students who are talented in quizzing but also helps to develop a team spirit among them. The club aims to produce several top notch quizzers, who will bring laurels to the school by participating in and winning several inter school quiz competitions.

Above all the club intends to inculcate a passion for quizzing, gaining knowledge, and sharing knowledge. It is a sphere of an unending liveline.

The services for people club of Mount St. Mary's School focuses on the concept of instilling the value of care and service. While performing community service, volunteer students experience more camaraderie. Serving others does not require one to be rich. It costs nothing to show love and kindness. For the last few years, services for People club under the able guidance of Ms. Reena Saxena, has been continuing its journey by working for different groups like rag pickers, visually impaired children, child labourers, terminally ill cancer patients and destitute women.

This club thus is defined firstly by its mission of service and secondly by its membership benefits such as social occasions, networking and personal growth opportunities that encourage involvement. "A person's most useful asset is not a head full of knowledge, but a heart full of love, an ear ready to listen and a hand willing to help others." The club follows this motto to extend a helping hand to those less privileged.

Drama is a specific mode of fiction represented in performance so that it connects the audience with the performers. Spotlight, MSM's drama club is a mixture of budding singers, choreographers, orators, dramebaaz and artists. Each one contributes in their own way whenever a show has to be put up.

The talent for dissembling begins early as we discovered this year. Students from Classes 7, 8 and 9 participated in a competition organised by DPS and secured the third position. It was a proud moment for us to see students trained by us achieve great success.

Spotlight's ultimate aim is to create an environment of friendly competition and inclusive learning, where the talent of the students can be recognised and harnessed. This not only helps to develop confidence but also enables students to grow as individuals and refine their thought processes.

"When words fail, music speaks."

People who have higher knowledge of Indian music are known as sangeet Visharadhs. Our School's Indian Music group is named Visharad. Indian music has a special appeal not only within the country but also throughout the world. The traditional pattern of Indian music has survived throughout the ages and entertained not only the common people in this country but lovers of music and art throughout the world.

The most popular interschool music competition is Bro. Bergin's Music Meet. It is the best chance for all the music lovers to showcase their talent.

Report on Army Day Parade

The olive colour, the impactful camouflage, the firm commands, the never ending zeal, all in all the valour of the Indian Army- This was the experience of the students of Classes 8C and 7B as we witnessed the 51st Army Day Parade at Cariappa Parade Ground, Delhi Cantt.

No words can express the feel, the goosebumps and the patriotism that we experienced on that day. The event began with the commentators, celebrating the history and laurels won by the Indian Army, taking the audience on a ride of pride. Soon followed the marching contingents of various regiments- **Sikh, Madras, Punjab, and Gorkha**, to name a few. The marching horses of the cavalry also were shining charms in a walk past.

It was followed by the weapons, tanks, missiles and radars the Indian Army boasts of – **Akash Army Launcher, Weapon Locating Radar, Troop Level Radar, Ashwini, Surface Mine Clearing System, Drdo Arjun, Tank T90M** and many many more. With their heads held high and wearing their pride on their sleeves, the **winners of Asian Games and**

Commonwealth Games were next to follow.

We were left in awe by the bike stunts and death-defying formations that were performed by the soldiers of the Army.

For us the common people the last but the most eye opening experience was the **Pseudo Ground Combat** that the troops displayed including the armour, weapons and tanks, creating a pseudo bombing of the created enemy information and communication centre along with life like encounters and combat making formations using technical knowledge.

Words cannot express the gratitude we wish to express to our Principal Rev. Bro. Saji V.J. for giving us a once in a lifetime kind of experience. We are thankful to our Vice Principal Rev. Bro. Arockia Raj and our coordinators Mr. Dhiraj Dhall and Mrs. Filomina Jose for choosing us and allowing us to feel the pride that the nation shares and understand the difficulties the Army experiences.

Christmas Event for Afternoon School Children

"Christmas is a season for kindling the fire for hospitality in the hall, the genial flame of charity in the heart."

-Washington Irving

On 18th December, 2018, the students of Class X put up a Christmas Show for the Afternoon School children. Class X A enacted a funny skit and also educated the children about the festival. Class X C entertained the audience with a skilful dance performance. Rev. Bro. Saji V.J. presented blankets as Christmas gifts to the children. The young ones also enjoyed playing various games organized by class X B. Prizes were awarded to the winners and the best dancers by Bro. Arockia Raj. In the end, a snack box was given to each child accompanied by a delicious plum cake. Everybody was in true festive spirit and it was a pleasure to see the kids have fun.

Visit to
Jivodaya Ashralayam
—A home for abandoned women

To be abandoned by your family and children is the most devastating experience of life, stripping anybody of their dignity. A part of them always hoping they will remember and come for them is the most difficult experience. Abandoned women of Jivodaya Ashralayam face such experiences in their life. Most of them are psychiatric patients, with a daily dose of two medicines. Sometimes they get violent also.

We, 42 students of Mount St. Mary's School had visited them on 2nd November, 2018. It was a new experience for all of us. When we entered the gates of the Home, all the women were depressed. It was a task for all of us to make them happy. Melodious carols sung by our group marked the beginning of the show. Then we organized a game. We think they forgot, at least for some time, the sorrows of not having their loved ones around. The third performance was a dance performance. Meanwhile the children encouraged the ladies to come up on the stage and dance and sing with us. Our program

continued thereafter. We gave a chocolate to the women who gave the right answer in the game. At the end of the show, we encouraged all the women to come up on the stage to sing and dance along with all of us. They danced with enthusiasm and, for some time, it turned into a DJ party. This made the get together a wonderful memory. At the end, we gave snack packets to them.

The Sisters there were also happy with our initiative. The women had also made Diyas and flower pots, two of which were bought by us. Our visit rejuvenated their drooping spirits and filled their old hearts with joy and content. We take pride in helping these women smile for a day, when they are not ready to even interact initially. Dark skies, dark sorrows of people cannot defeat the light coming from the sun, the high spirits of the fellow members of any society.

A SEMINAR AT THE YMCA

“Social Media

A **BOON** OR A **BANE**”

On the 31st of August, 2018, a group of six of us were selected to go for a seminar in the YMCA on Jai Singh Road. The program was scheduled to start at 9 am but it began late at 10 am. The seminar was preceded by prayer. The first speaker was Group Captain Mathew P. Varghese who talked about the dangerous effects of social media with the Blue Whale challenge, the Kiki challenge and the latest trend, the Momo challenge. He was a very good orator and connected well with the audience. He told us about socialization in the past and how it had changed in the present. In the olden times, people would meet at a bridge or at a park after playing cricket with their friends and then talk about their whole day and what they had done and what was new. This was their social activity in the past. Today all socializing is on social media. Later, he continued his talk, with some statistical data of how many users there were on this platform. The United States of America topped the list with 81% of users. Then he used a phrase saying, “Man was once a Social Animal but now he is a Social Media Animal.” He told the audience of the advantages as well as the disadvantages of social media for businesses as well as for general people.

The speech as well as the presentation was very enjoyable, very crisp and to the point plus the engagement with the audience was a really nice touch. The speaker tried to liven the topic in an orderly manner with questions here and there

which kept the audience interested. The program was very well organized by the YMCA, while the staff were very polite and helpful. I learnt many good things from this seminar and was able to put it all to use in real life. We learnt how important it was to try and control our activity on social media and be more social in the “real” world and not in the “virtual” world.

I would like to go for more of these seminars as they teach us good lessons and values for the future which we need as we are the future citizens of our nation. I hope that the school can also organize a workshop like this for us students, so that we can inculcate good values.

The Small Cube Which Became a World Obsession

Everybody in this world has owned a Rubik's cube at some point in their life, even if they don't know how to solve it. It's a very simple toy, everybody can understand what the goal is the first time they hold it in their hands and it's still almost impossible to solve for a human being because you should foresee too many steps while solving it. It was invented by Hungarian architecture professor, Erno Rubik in 1974 in order to improve his students' special reasoning skills. It took Rubik a month to solve the Cube for the first time. The current world record holder, Yusheng Du solved it in 3.47 seconds, beating the previous record holder by 0.75 seconds.

The tiny 3x3x3 Rubik's cube has over 43 quintillion different possible combinations, 43, 252, 003, 274, 489, 856, 000 to be exact. This isn't the crazy part; the crazy part is that all these different combinations can be solved in 20 moves or less from any random starting point.

The mystery of the Magic's Cube consists in its simplicity and yet insolvability.

Let's Build Our Nation... and Our Journey Now

We are the foundation of the future of our country and a powerful Human Resource. We have the potential to design our tomorrow. Yes, we can make a difference. If we want to see our India at the top of the world, we must channelize our energies in the right direction. I do my bit (along with my family) and I am enumerating four steps that I could make as my contribution to our society, a step towards a better India, an India which is second to none in any field. My family and I follow these steps with all honesty and intend adding many more to the list.

1. We are four members in our family and as a habit each one of us plants a tree on his/her birthday every year. In case there is a miss on that day due to some reason, we do the same at the earliest opportunity. This is how we show our gratitude to the environment for serving us selflessly. At least four trees every year is how we repay Mother Nature. We did not forget to do so even at Leh, the cold desert. I can't forget the joy of watching plants, planted by me, grow there.
2. We had gone to Bhutan. I was in Nursery at that time but I still have a vivid memory of an incident which took place there. An empty packet flew out of our car on the road, by mistake. Suddenly a Bhutanese citizen came running from nowhere, picked up the packet, threw it in the dustbin and walked away. He did not utter a single word to us but it left a lifelong

impact on our minds. Since then, I do not litter our roads and even check people who do so. Most of the grown-ups take it very sportingly, barring a few.

3. We maintain two dustbins in our house. One is for all fruit and vegetable waste or Biodegradable waste and the other one is for Non-Biodegradable waste. This is how we segregate our household waste. In fact if space permits then we prepare compost too, using biodegradable waste, for our plants.
4. Power saved is power generated. We strongly believe in it, so I turn off lights when not needed. Not only this, I don't let any tap run needlessly. Wastage of electricity and water should be avoided.

I can proudly state that these habits have become an inseparable part of our character. These measures may seem to be minuscule or immaterial at the individual level but imagine if 'only' 50% of our population adopted such or other similar environment friendly habits, what a tremendous contribution it would be towards nation building. India is the cradle of human race, the mother of History. Let's join hands to make Our India - The Master of The World. What are we waiting for? Let's begin our journey now.

After all, "A journey of a thousand miles begins with a single step."

My Pants Keep Getting Shorter

My pants keep getting shorter.
They're almost to my knees.
And look! My favorite shirt!
What's happened to the sleeves?
I stretch and stretch my knee socks,
But they'll never reach.
My shoes—I push and pull them on
Until I almost screech!
And then there is the kitchen.
What's happened to the sink?
I no longer need a stool or boost
to get myself a drink.
I wonder what is going on.
Could the world be getting smaller?
Or could it be.....
just could be.....
That I am getting taller?

Life is a Journey...

Life is a short journey
It may be bitter
It may be honey
You won't be late
You won't be early
Life is a short journey
It nurtures us, it holds our hand
And guides us through what we don't understand
We are often so caught up in the line of duty
That we forget to sit back and admire the beauty
Do not worry, do not fear
We're all meant to be happy captives here!

Plants and Trees

This body, this life
This earth is alive
If nothing is impossible,
Then say, how is this possible?

This is because of plants and trees
On which everyone depends, even bees
Now, some may object, "How can it be?"
That the answer is a plant and a tree

Plants give oxygen to us human beings
So that we can sustain our very own being
We give out carbon dioxide, which we think is waste
But for a tree it is like turmeric paste

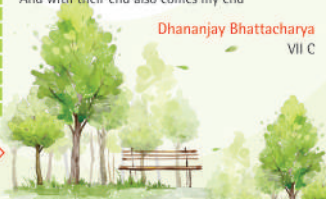

Our food, our clothes, our everything
Depends on that big, big thing
But there are some people who
Want to harm you

Not by hitting you or punching you
Or kicking you or beating you
But by taking the most important thing from you
Now you are thinking, aren't you?

The trees!! On which you depend
Without which your life would suspend
So let's take a pledge today
So that we can live each day

I'll stop these people from cutting my trees
And I'll plant a sapling to save the trees
Because on them does my life depend
And with their end also comes my end

PARIKSHA PE CHARCHA

With Prime Minister Shri Narendra Modi

It was the month of January and like every year all of us classmates were gripped with exam phobia. The revisions were in full swing at home and at school. That day also we were engrossed in answering our revision test questions in our class when we were all called to the auditorium immediately. We were all confused when we reached the auditorium and on entering we saw a big projector screen and many folk dancers and classical dancers performing in front of the Prime Minister Mr. Narendra Modi. It was followed by a girl playing Casio with her toes. It was all very impressive.

Then followed the most interesting part. Our Prime Minister Mr. Narendra Modi was called to address the parents and students and to answer their exam stress related questions. He answered them in a witty and light hearted but effective manner.

When one of the parents asked him how children could be prevented from getting distracted by social media, online games and mobiles, our dear Modiji jovially asked him whether he meant the famous Pub-G or Fortnite game. This made everybody laugh heartily, to know that our dear PM is so well aware about the youngsters'

social activities. He then advised the parents to let children search some general things like recipes, science related or weather related ones, to distract them and to generate their interest in some other informative activities.

After that a child asked Modiji how to overcome depression and home sickness among children. Our dear PM advised him that children should be more open with their parents or some other close relatives and discuss their innermost fears to overcome them. Or they can write it down three times so that their mind is free and they are at peace.

It was a very fruitful session with our dear Modiji and we all got answers to our many day to day exam related fears and life lessons in general. His main message was that we should dream big, study well and keep away from stress. In the end many students were seen taking selfies with Modiji and we also felt that we were a part of that crowd. It was a memorable day for all of us.

MILITARY TRAINING

IS THE NEED OF THE PRESENT GENERATION

In today's world, our next generation i.e. our future is moving towards a robotic age; equipped with technological gadgets. But emotions are getting lost. Increasing road rage, growing impatience among youth, incapability of handling stress, unable to accept defeats are the common personality traits of young children nowadays. The feeling of patriotism is felt momentarily by us and then it vanishes. We are proceeding towards a world with less sensitive people, self centered human beings running towards materialistic objectives. To sensitize our youth with feelings and to instil a sense of discipline in them; the need of the hour is military training for all youth as it is

the only way to unite people of different backgrounds and make them INDIANS. Every person before claiming the authorization of citizenship of the country must complete their compulsory military training. This training will channelise their negative energy into constructive physical activity, making them more disciplined. This training will be a boon for our overpopulated country. We will be having future scientists, politicians and workers who all have undergone training. This will develop patriotism in the youth and will be a big step fighting against internal war i.e. terrorism and corruption of the country. To make India a better and safe place to live in, we have to explore this idea of military training for all citizens. This is the only possible way to inculcate patriotism and make people responsible citizens.

A QUESTION OF BELONGING

'Mausi', a Hindi word, is, usually used to refer to your aunt, i.e. your mother's sister. When literally translated, it can be taken to mean 'mother'.

But not for me.

For me, it has always meant a mother. And the reason is quite simple. Since childhood, I too HAD a chance to call someone "mausi"-or rather say, my aunt. Well, even after I was born, my mother continued to work outside-she was a software engineer. For this reason, someone was required to take care of me-I was only a year old. That's where my 'mausi' came. She looked after me day and night like a mother-so that my mother was free to concentrate on her job. 'Mausi' was more like a friend, less like an aunt to me.

Time passed by, I grew, only to stand as an eyewitness to her marriage. She got married, and then went abroad along with her husband, or my 'mausa'. After that, everything seemed to be so fine-both aunt and uncle were happy abroad, I had moved to Delhi, and everyone was so happy.

But that's when disaster struck.

My dear aunt, more dear than life itself, was diagnosed with cancer.

Life was suddenly turned upside down.

On one hand, you were praying for someone's life, on the other hand, you were trying to cope with the absence of your own parents-they were too busy at the hospital. All this only at the tender age of eight.

And in the middle of all this, there came this day, when my uncle turned up suddenly out of nowhere. I was pushed into my room, and told that some 'important thing' was going to be discussed, and my presence wasn't wanted. I agreed, but I could hear a heated discussion taking place outside-despite the fact that the door was still locked from outside.

That was the last that I ever heard or saw of my uncle.

A year passed by like this-my aunt was relieved of all the pains that she was ever going to bear; mental or

physical; she passed away after one year.

Tears and flowers; they were just temporary-I soon forgot them all. All but my aunt.

One day I just happened to find an old album full of photos clicked during my aunt's marriage. That was the first time I was ever reminded of the fact that I ever had an uncle. It's been five years now, I had heard nothing from him. I decided that I must know the truth.

Picking up the album, I stomped off straight to my mother.

"Where is he?" I asked my mother, pointing at him.

My mom sighed. "Can't tell you now".

"I must know", I said, "it's been five years now, I'm old enough to know everything now".

"Ok then, listen."

My mother went on to tell me that my uncle always wished to have children of his own. Upon getting to know that my aunt could never give birth to children due to her disease (she had bowel cancer), uncle decided that it was best to leave her-for she was not going to 'be of any use' to him. Mom went on to tell me how shocked my aunt was when my uncle broke this news to her: she was heartbroken. It was this news that had led to a heated discussion five years ago.

I was shocked when I heard this news. I still can't help but imagine how heartbroken my aunt must have been, when she realized that her loved one had dumped her.

It leads me to a question I still can't answer-

"Have our desires become so important that people; those who wouldn't even kill an ant, become obsolete in front of them?"

Grandmother

'Ahh!' I said, as I came out and sat under the morning summer sun. Finally, the wrath of the harsh winter was over. Flowers were starting to blossom in the garden, which was, a few weeks back, devoid of any. Soon my family- my cousins, grandparents, aunt and uncle- came out. They had come over to our place for the summer break. Then out came my mother, father and my sister. My sister was already enjoying the pancakes that my mother had brought along. Each one of us took a second or a third serving, until nothing but the honey of the pancakes was left (which one of my cousins licked away- to the disappointment of my other cousin). As the afternoon grew closer, the sun started shining right over our heads, eventually putting an end to our 'mini summer treat'.

As I was standing on the porch of the house, about to go inside, I noticed something peculiar- a few leaves on the tree outside our house were turning yellow. I shrugged, though it was nothing less than an apocalypse-only, I didn't know it then. The day passed by, as any other ordinary day (except when my cousins threw a toy spider at my sister, which almost made her pass out). But the next day, as fate would have it, would change the way I would look at Fate itself. As I went to bed, chills ran down my spine (don't ask me why) as I remembered what I had seen in the morning. A yellow leaf on a summer day? TOTALLY unexpected.

The next morning, I woke up to the sound of a gasp, a scream from my aunt(I think), and a couple of "What happened?" I rushed out to check what was wrong. My aunt was standing in the shed, staring at a tree, whose leaves had gone yellow. There was a moment of silence, interrupted every now and then by the sound of leaves rustling.

Finally, my Grandfather asked "What's the matter?" "Why did you scream, dear?" asked my Grandmother, giving a look at my Aunt. So it was my Aunt who had screamed. She replied in the following manner- "John...he...he was standing right there! He had walked over to observe the yellow leaves on the trees. There was a loud crunch from the leaf on which he had stepped accidentally. This was followed by a tumultuous 'SWOOSH!' And then...then... he was gone! Just like that! This spoke my aunt, giving way to another round of quietude. We were all lost deep in thought.

This soundlessness was broken by a gush of wind, which carried along with it a couple of yellow leaves. One of

them came rushing into the shed under which all of us were standing. It just barely missed my father, but my aunt was not so lucky. She was hit smack in the face by the leaf. It might sound funny, but it wasn't. There was a loud SWOOSH, just as the one my aunt had described, which was followed by a loud, screeching "NOOOO!" from my aunt, and then, there was no sign of her. Apparently, the yellow leaves were making people disappear. We all had a look of horror on our faces. We all quickly ran into the house. No more did the sight of people disappearing, which I had seen quite often in the movies, please me.

We called up or neighbours to make sure that they too, were safe (I don't think we need that 'too' over there). Alas! Nobody picked up the phone. All of them were probably 'gone' by now. I opened the window and looked out (bad idea). A leaf came flying right at me. Then, as I looked around at my family, they started getting hazy. After a few moments, they disappeared, and I was engulfed by a bright, blue coloured fluid. I felt as if I was going to die right then. Every moment gave a searing pain to my body. Just when I thought that I had had enough and couldn't bear it anymore, I dropped to the ground in a heap. The feeling was gone.

I got up and looked around. My aunt and my uncle were standing in front of me. But, they had a look of pure horror on their faces. I realised, that they were not staring at me, but at something right behind me. I swirled around, and what I saw next still scares me to this day. There was a little girl in white, torn robes. She stood barefoot, her hands almost cut off from the rest of her body by two deep gashes from which blood was flowing. Her face...alas! I cannot describe it...because there was no face. Just a huge, white, gaping head with the hair hanging loosely from the sides.

Suddenly, she spoke (go figure) in a deep, manly voice, which belonged to my father. She bellowed "GET UP! ITS 11 IN THE MORNING!".

Just great. The last thing I needed in such a situation was a face-less girl telling me what time it was. I gave a confused look. Was that supposed to be what a ghost should say to scare people? If it would've been something like "Time to go to school!" then I would have gotten scared. But I ran anyway. As I ran past my uncle and aunt, I saw that they were least concerned about what was going on. I told them to run, but they stood with the same unrelenting, scared look on their faces.

The girl started dashing towards us. I left my aunt and uncle, behind and as I looked back, they were already being devoured by the thing. Tears filled my eyes. But I continued running, wiping away the tears. I looked behind yet again, and saw the Girl running towards me at lightning speed. I could never outrun her.

"This is it," I thought. As she drew closer, I cherished all the beautiful moments that I had enjoyed, and closed my eyes. She came closer yet.

People say that one's life flashes before one's eyes when one is about to die. And so it was. I braced myself, and took, what seemed to me, one of my last breaths. But this time, Fate was a little lenient. I suddenly felt a gush of strength flow through me. I got up and ran. Not away, but towards the Girl.

As I drew closer, I realised that she was repeating the same words she had said before- "GET UP! IT IS 11 IN THE MORNING!" I raised my hand to my shoulder level in an attempt to block her attack. I smacked her right in the face (now that's funny). All of a sudden, everything disappeared and I was staring right at my father's face.

I sat up, banging my head into my father's. "Ow!" I said, rubbing my temple. I sat up straight and looked at the clock. It was in fact, 11 in the morning. As it turns out, it was my father, and not a face-less girl, who was telling me the time, and all I had was a horrible dream.

I walked out to get some fresh air, spotting on the way my aunt and uncle, which was a huge relief. I smiled at them, but what I saw next was horrendous, making me want to cry- the same leaves, which, in my dream had turned yellow, had turned yellow in actuality! That scared the living daylights out of me. I held back the desire to cry.

At that moment, I saw Aunt and Uncle walk out. Something didn't feel right to me. I turned my head the other way when I heard my mom asking whether I was up yet.

While I had turned my head to the rear, there was a sudden gasp and a scream from outside, and when I turned around, my uncle was missing, and my aunt just stood there, petrified.

My entire family rushed out. Grandpa asked "What's the matter?" "Why did you scream, dear?" questioned Grandma. There was, as my aunt answered, a sudden gush of wind, that took away my aunt by blowing a leaf at her. All the events were repeating like they happened in my dream. It was the Beginning of the End.

MY GRANDMOTHER

My Grandmother is the best of all,
She is available whenever I call,
She knits and knits all day long
And hums a nice melodious song.

Her sweaters are lovely, warm and nice,
On them, no one can put a price.
When she bakes a cake, the smell is so sweet,
All the grandchildren know it's time for a treat.

Sometimes when she is lost for a few hours,
We know she is in her garden with her flowers.
She relishes her breakfast on the swing,
Listening to the different birds sing.

Solving puzzles and reading, she enjoys,
And with us, dancing in the rain and playing with toys.
With her, evenings are a delight
Because of the bedtime stories and a loving good night.

The Empress' Reign

Her arrival comes from the far North,
Weak and weary she treads up her throne,
With a heart of ice she comes forth,
And sets to make the prior cheer unknown.

All tremble upon her sight,
Creatures of the wild run in hindsight;
So majestic and powerful she looks in white,
She sends her children amok during the night.

As the end of her tenure comes near,
The Sun rows his boat faster with fear,
The heir, cheery and sweet,
With a spring in her feet,

Adorns the crown and takes the lead.
Oh Winter, how the land bows to you!
You and your mighty aura,
Clouds the world with awe,
So potent and chilling is thy reign.

Cactus

Passers by many,
No one looks at me
They don't even notice my existence!
A rose in a pot next
Gets a sprinkle every day,
But not a drop to me!
Both of us bear thorns.
I struggle to survive
I strive, by stealing some moisture from air,
Soil, a few drops come my way,
Searching for me.
Then as if from deep slumber
I remember and bloom,
Giving birth to red radiant,
And jubilant "cactus flower"
In God's creation
Ugly there is none.

Poem for Life

I have a question, what is life in fact,
Is it just a matter of fact
Or does it mean some rules by which,
Everyone abides, even a witch
Life has many manifestations,
But to choose we have only one station
Either the door leading to happiness,
Or the boxes full of sadness
Coming to the rules by which we abide,
Let's talk about them and not leave them on the side
One must work very hard so,
He can open the door and go
To a land full of happiness,
To forget all his sadness
Whereas he who doesn't work hard,
Doesn't get an ID card
And so he doesn't open the door of happiness,
And instead opens a box of sadness
While opening he thinks,
"Why didn't I work hard" as he blinks
Then he swears to work very hard,
To next time get an ID card
From this we learn that life isn't a fact
But some rules in fact

TRAFFIC JAMS

Commuting on Delhi roads is a pain,
Oh! When will we get rid of this bane?
Vehicles, Vehicles...everywhere
Looks like the whole world is out here!

Often I wonder is this a game?
But who in the end gets to gain?
During peak hours, there are queues
But why? We have no clue!

Commuting on Delhi roads is a pain.
Oh! When will we get rid of this bane?
Often I wonder where is the traffic man?
He's never around to help a dame.

Tempers rising, people shouting
Honking, collisions and despair
Yelling, shouting everywhere,
But who in the end gets to gain?
Can't we follow traffic rules?
By driving in our own lane.

Oh! Why are we so insane?
Commuting on Delhi roads is a pain
Follow the lights and Zebra line
Take a bus, cycle, or walk down the lane,
And see disappearing” The Traffic Jam “
It's so easy, yet so difficult to explain!!

The Rainbow

Hey friends! Look at the rainbow,
So majestic as the arrow and bow
Not because it's rare,
But it's colours for which we care

Rainbow has 7 beautiful colours,
Which say to each other, "Ah! You are my brother
These brothers hold each other's hands,
So that the world understands

That rainbow shows signs of love,
Which everything shows, even a dove
Colours which make rainbow in a good mood,
It's time we had them understood

Violet, indigo, blue, green,
Are colours which are commonly seen
Yellow, orange, red
Types of Jam, Marmalade and Bread

Rainbow isn't just a thing to see
But to add values in our value tree

The Rain

The rain mysterious yet deep,
Has many secrets to keep,
It calms, soothers, and bestows peace,
Many new inspirations to abide.

It inspires, it conspires,
Lightens, shines, brightens,
Nurtures every source,
Every seed, every twinkle,
every being, every force.

It can be motionless, still,
Like dewdrops over a window sill,
Breathing alive,
Like waiting on the Ocean shore for a dive.
The raindrops shimmer,
Shining like diamonds in the sky,
Sparkling amongst the dark clouds,
Gleaming with pride.

Although the rain rejoices,
Yet it seems to hold gloom,
With so many of its Choices,
Like teardrops of doom.

The mountains are lush green again,
All because of the rain.

The rain is sometimes gentle, mild,
And sometimes wild,
Creating tempests and storms,
Still a beauty to behold in all forms.

The mild, melodies and the meadows,
The smooth singing showers,
They never realise,
That although the rain makes everything better,
It has its own melancholy,
And none can help to ease the pain.

They say to be like the rain,
Everyone is willing,
But to bear the pain,
Is the only part unfulfilling.

The sweet sense of self delusion,
Made for us a little illusion.
Bad done by thee,
And the worst comes to me!

But the day is in fright.
I've seen the beauty of words,
Less sweet than can be heard.
Let the karma be the guide,

Sonata In *Starlight*

When I looked up at the sky,
with its wonders hidden and sublime,
my fears went to sleep,
and came an urge to weep.

For there was magic, large and bright,
tucked away in the dark of night.

For my world was tiny, unworthy for compare
and my life, with its melancholy was smaller still.
For did the stars care how powerless you felt?
or how many times you wished to disappear?
They disappear too, and come back brighter each time.

"But I am not one of them, am I?" Thought I.
And so I stood there, gaping for hours still,
hoping however my intrusion was not unwelcome.
They did not judge, they never have,
even though to them I must be a stranger.

If only I could roam thus, free and wild among Men.
But that was not to be, I supposed.
So till I join those celestial beings,
I would take their cue and learn,
and move devoid of cares, with nothing to yearn.

Walls of unacceptance and hostility may bar my path
even now, the road ahead seems to be filled with despair.
But yes, I shall have a heart of smoldering iron
For my companions are the Stars, and they
the firstborn of all Creation
chose to fill my life with light.

But when you find it,
You leave it for a word.

Our battle to find the best,
Brings out the beast in rest!
The heart isn't happy,
But, still the world thinks it's only me!

True Friendship

A real friend is one who walks in when the rest of the world walks out. Many people will walk in and out of your life, but only true friends will leave footprints in your heart.

We learn many beautiful things from every friendship that we have:

The first thing that I have learnt is that whenever life knocks you down, you'll know exactly who to turn to. Whenever you mess up, you'll always have someone to calm you down and bring you back to earth. While one friend might be a great shoulder to cry on, another is always up for some spontaneous adventure to cheer you up. They don't always need to have the right words to say, just being there by your side to listen to you or to sit in silence can make a huge difference.

Secondly, quality is far greater than quantity.

It's not about the number of friends that you have, but the strength of the friendships. A few best friends who'll always be there to help and support you in whatever situation you find yourself in are a lot more precious than a ton of friends who are only semi-dependable, any day.

Real friends accept you just the way you are. They don't expect you to be perfect. They are the ones who have seen both the best and worst sides of you, and still choose to stick on. Friendships respect differences, and even thrive because of them.

How to apologize: Fighting is inevitable in any relationship. No matter how frequent your fights

are, you learn how to admit your mistakes and apologize when needed. That's a perfect life experience. Friendship teaches us to be attentive with our words and deeds. Accepting your own mistake is difficult yet crucially important. Like it or not, you will have to apologize if you're wrong.

Being a great friend means being a great listener. Great listeners are empathetic, they are mindful of what the other is saying, and respond with authenticity. And a great friend would do exactly that for you. At the same time, true friends are the only ones who can hear you even when you are quiet.

Trustworthiness, one of the foundations on which a good friendship thrives, is very essential. When someone is not trustworthy, it becomes very difficult to form a strong bond with them.

Every friendship is unique. No two friendships will have the same how we met' story, and no two friendships will look exactly alike. But these are the small differences that make every friendship special.

So when it hurts to look into the past, and you're afraid to look ahead, you can always look beside you and you'll find your best friend there.

"Good friends are like stars. You don't always see them, but you know they're always there."

Our vacation to Goa two years ago is still afresh in my mind. We were sitting on the calm beach at night when we unexpectedly heard a melodious song coming from a distance. Following the sound of the tune and the flickering lights of the candles, we became curious. While looking we came across a young girl, wearing a tattered dress. मेरा सपना

मैं हमेशा से यही सोचता था कि मैं बड़ा होकर क्या बनूँगा। जब सब मुझसे पूछते थे तो मैं निश्चित नहीं कर पाता कि मुझे क्या बनना चाहिए। अपने दोस्तों की तरह डॉक्टर, इंजीनियर, वैज्ञानिक या फिर कुछ और। मेरे मन में हमेशा यही सवाल आता है कि मैं क्या बनूँ। मैं खेलने में बहुत मेहनत करता हूँ। पूरा दिन मैं यही सोचता रहता हूँ कि कब बाहर जाकर खेलूँ। मैं बहुत अच्छा फुटबॉलर हूँ और मेरा सपना है कि मैं भारतीय टीम में शामिल होकर भारत का नाम रोशन करूँ। भारत भी फीफा विश्व कप में खेल सके और मैं अपने देश के लिए अच्छा खेल सकूँ, मैं चाहता हूँ कि अपने देश का नाम पूरे विश्व में रोशन कर सकूँ। मुझे गर्व होगा जब मैं विश्व कप के लिए खेलूँगा और जीतूँगा।

वो है मेरी माँ

मेरे सर्वस्व की पहचान,
अपने आँचल की दे छाँव।
ममता की वो लोरी गाती,
मेरे सपनों को सहलाती।
गाती मुस्कराती रहती,
वो है मेरी माँ।
प्यार समेटे सीने में जो,
सागर सारा अशकों में जो,
हर आहट पर मुड़ आती जो,
वो है मेरी माँ,
दुख मेरे समेट जाती,
ममता का रस बरसाती जो
वो है मेरी माँ।

परीक्षा

कमी हैसती कमी रुलाती, वह बार-बार क्यों है हमें सताती? परीक्षा! शब्द सुनकर, हर बच्चे का दिमाग सुन्न हो जाता है, पढ़ाई न करो तो, मम्मी-पापा को गुस्सा बहुत आता है। खेल कूद और खाना, सब बंद हो जाता है, परीक्षा देते समय कुछ याद नहीं आता है। उफ! ये पढ़ाई कभी खत्म ही नहीं होती, काश! आज से हो जाए स्कूल की छुट्टी, मम्मी कहती हैं — पढ़ो कैमस्ट्री, पापा कहते हैं — पढ़ो हिस्ट्री। किसी को समझ नहीं आती, पढ़ाई की यह मिरट्टी।

हिन्दी: महत्त्वपूर्ण जानकारी

विश्व में बोली जानी वाली भाषाओं में हिन्दी को दूसरा स्थान प्राप्त है। प्रतिवर्ष करीब 3000 हिन्दी पुस्तकें प्रकाशित होती हैं। विश्व दूसरा बड़ा देश है, जहाँ हिन्दी एक विषय के रूप में पढ़ाई जाती है। उत्तरी अमेरिका में हिन्दी पढ़ाने वाले 998 केन्द्र हैं, जबकि सोवियत रूस में 7 हिन्दी शोध संस्थान हैं। विश्व में लगभग 133 विश्व विद्यालयों में हिन्दी पढ़ाई जाती है। ऐसे देशों में जहाँ भारतीय मूल के लोग अधिक हैं जैसे: फिजी, नेपाल, मॉरिशस आदि के स्कूलों में हिन्दी अनिवार्य विषय के रूप में पढ़ाई जाती है। प्रथम हिन्दी विश्व सम्मेलन, नागपुर में दूसरा मॉरिशस में तथा तीसरा विश्व हिन्दी

सम्मेलन नई दिल्ली में हुआ था। पश्चिमी देशों में लंदन विश्व विद्यालय का 'स्कूल ऑफ आरियंटल एण्ड अफ्रिकन स्टडीज' सबसे प्राचीन संस्था है, जिसमें हिन्दी पढ़ाने की व्यवस्था है। दक्षिण भारत में हिन्दी का आगमन अलाउद्दीन खिलजी द्वारा 1296 के आक्रमण के बाद शुरू हुआ। देवनागरी टाईप अक्षर सर्वप्रथम 1667 में यूरोप में तैयार किए गए।

में बादल बन जाऊँ

मैं अगर बादल बन जाऊँ,
धूमू सारी दुनिया
इधर-उधर गरज-गरज कर
बरसूँ मैं मारी।

नए-नए मैं दोस्त बनाऊँ,
हर एक जगह मैं जाऊँ,
अगर मौसम से त्रस्त है कोई,
तो बारिश करूँ और चैन दिलाऊँ।

मैं अगर बादल बन जाऊँ,
तो तुम भी खुश हो जाओ,
जब सूरज धाधा तुम्हें सताएँ,
तो तुम मेरे नीचे आओ।

मोर नाचे जब मैं बरसूँ,
यह देखकर मैं खुश हो जाऊँ
ऊर्जा लेकर बढ़ूँ आगे,
मैं अगर बादल बन जाऊँ।

अगर स्कूल न होते, तो क्या होता ?

हम सभी को स्कूल जाना अच्छा नहीं लगता, वह रोज-रोज़ सुबह उठने की झनझनाहट और झुंझलाहट। सभी बच्चे यही सोचते होंगे कि हमारे साथ कितनी नाईसाफी की जाती है। परंतु सत्य तो यह है कि हम स्कूल के बिना सफलता की सीढ़ी पर नहीं चढ़ पाएंगे। अगर स्कूल नहीं होंगे तो पढ़ाई नहीं होगी, अगर पढ़ाई नहीं होगी तो हम अनपढ़ रह जाएंगे, अगर अनपढ़ रह जाएंगे तो हम कभी भी जीवन में सफलता प्राप्त नहीं कर पाएंगे। विद्या और ज्ञान के बिना हम किसी भी बाधा को पार नहीं कर सकते हैं। स्कूल हमें केवल पढ़ाई से संबंधित ज्ञान नहीं देता परन्तु जीवन में एक अच्छा इंसान बनने के लिए आत्मविश्वास और बुद्धि भी देता है, यहाँ हमें अच्छाइयों और कला पेश करने का मौसला भी मिलता है। अगर स्कूल नहीं होते तो हम अपने जीवन में कुछ भी नहीं कर पाते। स्कूल हमारी सफलता की कुंजी है। किसी भी काम में सफलता पाने के लिए पढ़ना बहुत आवश्यक है। स्कूल है तो सफलता है।

अगर स्कूल न होता तो क्या होता ?

मला कभी आएगा ऐसा जमाना, जब हम आनंद से कहें 'अब स्कूल नहीं जाना।' ब्रेक में बेंच पर बैठ यारों के साथ मिल बॉटकर खाना, कमी हॉ में हॉ मिलाना और कमी बेवजह रूठ जाना। अध्यापिका की वह मीठी डॉट खाना, गलतियों से सीख, दुनिया को सिखा जाना। शत्रुता मूल साथ र्योहार मनाना। स्कूल न हो, क्या कभी आएगा ऐसा जमाना? अगर स्कूल न होते, तो पक्के यार कहीं होते? अगर स्कूल न होते अच्छी पढ़ाई कहीं? अगर स्कूल न होते तो जीवन की कमाई कहीं? एक रंग के कपड़े पहन हम लगते हैं कितने प्यारे, आसमान में छोटे-मोटे न जाने कितने तारे। हम सब एक ही थाली के चटटे-बटटे हैं कुछ छोटे-मोटे कुछ हटटे-कटटे हैं। स्कूल खुशियों का एक संगम है। आदर्शों का एक समुद्र है। अगर स्कूल न होते तो मनुष्य जीवन के एक महत्वपूर्ण पल खो देता, क्यों नहीं दो मिनट रूक, इसका मजा उठा ले, किसे क्या पता, कि हो न हो, अगर वैसा जमाना आ जाए तो विश्व बदल जाएगा। खुशियों का नहीं दुखों व चिंताओं का सागर बन जाएगा।

पक्षी

मैं एक नन्हा पक्षी हूँ
खुले गगन का वासी हूँ।
हवा से बातें करता हूँ।

इधर-उधर इटलाता हूँ
बादल वर्षा की बूँदों को
देख-देख कर गाता हूँ
गरमी आती धूप सताती
पत्तों में छिप जाता हूँ।

मेरी मीठी वाणी सुनकर
सूरज भी खिल जाता है
दिन भर घूम घूमकर
अपना मन बहलाता हूँ।

ज्यों ही शाम ढले
वापस घर को आता हूँ
दाना चुगता, पानी पीता
पत्तों में सो जाता हूँ।

इसीलिए यारों मैं

गुरु दक्षिणा

एक ऋषि के पास एक युवक ज्ञान के लिए पहुँचा। ज्ञान प्राप्ति के बाद शिष्य ने गुरु दक्षिणा देनी चाही। गुरु ने गुरु दक्षिणा में वह चीज़ मँगी जो बिल्कुल व्यर्थ हो। शिष्य व्यर्थ वस्तु की खोज में चल पड़ा। व्यर्थ समझकर जब शिष्य ने मिट्टी की ओर हाथ बढ़ाया तो मिट्टी धीख पड़ी—तुम मुझे व्यर्थ समझ रहे हो धरती का सारा वैभव मुझ से ही प्रकट होता है।

धूमते—धूमते उसे गन्दगी का ढेर मिला, जिसे देखकर उसके मन में घृणा का भाव था। उसने गंदगी की ओर हाथ बढ़ाया तो तभी गंदगी से आवाज़ आई—क्या मुझसे बढ़िया खाद धरती पर मिलेगी? सारी फसल मुझसे ही प्राण और पोषण पाती है। यह अन्न, फसल सब मेरे ही रूप हैं, फिर भी तुम मुझे व्यर्थ समझ रहे हो। वह सोचने लगा मिट्टी और गंदगी के ढेर भी मूल्यवान हैं तब भला व्यर्थ क्या हो सकता है? तभी उसके मन से आवाज़ आई कि सृष्टि का हर पदार्थ अपने में उपयोगी है। व्यर्थ और तुच्छ तो यह है जो दूसरों को व्यर्थ और तुच्छ समझता है, शिष्य गुरु के पास आया और बोला कि वह दक्षिणा में अहंकार देने आया है। यह सुनकर गुरु प्रसन्न भाव से बोले 'ठीक समझे' अहंकार के विसर्जन से ही विद्या सार्थक होती है।

मेरे जीवन की सबसे सुखद घटना

मेरी जीवन की सबसे सुखद घटना तब थी, जब मैं इस पृथ्वी पर आई, मेरी एक हँसी ने उस लम्हे में खुशियाँ फैलाई।

मैं तो जीवन से बहुत सुखी हूँ, दुखों से मैं होती नहीं दुखी हूँ।

उस प्रभु ने जब मेजी मेरे लिए मेरी माँ की छाया, दी जगदीश ने मुझे एक स्वस्थ और कुशल काया, वही तो थी इस जीवन की सबसे सुखद बात, जिससे अंधरे में भी जाग उठती है दीपों की पाँत।

दिया प्रभु ने मुझे सारे विषयों में ज्ञान, एक विनम्र स्वभाव दिया मुझे, मिटाया मेरा अभिमान।

एक सुखद—सा मिला मुझे परिवार, प्रभु सवारोंगे मेरे जीवन का करोबार,

जैसे माँ—बाप मिले मुझे, शायद उनसे भी कम है हीरे इस दुनिया में नहीं किया जा सकता,

उनके मूल्य का तोल, यही सब है जीवन की धरोहर, उसके अंदर झोंक कर देखो, यह जीवन है अति मनोहर, इन्हीं चीजों के कारण है मेरा जीवन कुशल और सुखी जिसके कारण रहती है मेरे मुख पर हँसी।

सूरज की किरणें हम सब में एक नई स्फूर्ति ला रही थीं। कलियाँ और फूल मुस्करा रहे थे। उस दिन मैं इस घरती पर नौ सुनहरे साल बिता चुकी थी। इन नौ सालों में मैंने कितना सीखा था। मैं कितनी बारी हँसी, कितनी बारी रोई, हजारों बार गिरी और हर बार एक नए जोश से उठी। इन सालों में मुझे ढेर सारा प्यार मिला था। तो उस दिन मेरे जन्मदिन की तैयारियाँ हो रही थीं। रसोई में स्वादिष्ट पकवान बन रहे थे जिन्हें खाए बिना मैं रह नहीं पाई। घर में सब मंगल था और मेरे मन में खुशी की घंटियाँ बज रही थीं। घड़ी में पाँच बजे और मेरी खुशियों का पिटारा खुला। मैंने और मेरे दोस्तों ने खूब मजे किए। मैं कंक काटने ही वाली थी कि मेरी धाधी दर्द के मारे रोने लगी। हमने उन्हें जल्दी से जल्दी अस्पताल पहुँचाया। मैं बहुत दुखी थी। मेरे मन में यह चल रहा था कि मैं अपना जन्मदिन न मना सकी। तभी नर्स ने आके नन्हे से बच्चे को लाकर धाधाजी को दिया। फिर एक—एक करके सबने बच्चे को उठाया और आखिर में मेरा नम्बर आया। यह एक छोटा सा प्यारा सा बच्चा था। मैं उसे निहार ही रही थी कि उसने अपनी पूरी हथेली से मेरी उंगली को पकड़कर दबाया। यह क्षण ही मेरे जीवन की सबसे सुखद घटना में बदल गया।

बढ़ता बस्ता और पाठ्यक्रम

“मेरा बस्ता कितना भारी
बोझ उठाना है लाघारी।
मेरा तो नन्हा सा मन है,
छोटी बुद्धि दुर्बल तन है।”

पढ़नी पड़ती सारी पुस्तकें,
थक जाता है, मेरा मस्तक।

जी हों, किताबों के बोझ तले दब गया है बचपन। बचपन भी कितना? सिर्फ 3-4 साल, इधर स्कूल का बस्ता पीठ पर आया और उधर बचपन खिसका। क्यों हुआ मेरा साथ ऐसा? कभी सोचा है, आपने माता-पिता ने सरकार ने? नहीं किसी ने नहीं सोचा उन्हें तो एक पढ़ा लिखा नागरिक चाहिए... उन्हें ये देखने या जानने की आवश्यकता नहीं है कि भविष्य का नागरिक कैसे पढ़ रहा है? कैसे जी रहा है? छोटी सी मासूम उमर में मजदूर की तरह, पीठ पर बस्ता उठाए घला जाता है स्कूल की ओर। बेघारा बच्चा... छिन गये उसके खिलौने... छिन गया उसका बचपन... और आ गया बस्ता और आ गई ढेर सारी किताबों और ढेर सारा पाठ्यक्रम... कक्षा पाँचवीं और विषय दस... दस पाठ्यपुस्तकें और बीस अभ्यास पुस्तकें... छोटी सी जान... छोटा शरीर... भोला मस्तिष्क... भारी बढ़ता बस्ता और पाठ्यक्रम। इस भारी बरतने ने हमारा बचपन छीन लिया, खेलने का समय नहीं, शैतानियों करने का भी अभाव है। जब कभी अध्यापिका के आने से पहले कुछ शरारतें कर भी लेते हैं तो पहले आते ही उनकी डीट सुनते हैं अनुशासन पर और फिर पाठ पर सब कुछ इतना घुलमिल जाता है कि न पाठ समझ आता है और न अनुशासन। किताबों के बोझ तले वह अपना रास्ता जल्दी तय कर लेता है लेकिन हो सकता है कि वह मंजिल से पहले ही दम तोड़ दे। इसलिए मैं आप से अनुरोध करती हूँ कि इस ओर कुछ सार्थक कदम उठाए जाएँ। जिससे बच्चे का बहुमुखी विकास हो। वह सिर्फ ज्ञान की मशीन ही ने बन कर रह जाएँ। भारी बरतने को आप ज्ञान की अधिकता न समझें।

अंत में बस ये कहना चाहूँगी :

“आज देखो हो गया बालक कितना संस्ता,
पाँच किलो का खुद है, दस किलो का बस्ता”

नदी किनारे एक शाम

सुनकर नदी की कल-कल आवाज़,
हुआ मैं पागल और आया मुझमें एक मधुर भाव ।

बैठा था मैं और मैंने खाया एक आम,
देखा मैंने की वहाँ था बहुत आराम,
न किया कोई भी काम,
नदी किनारे एक शाम ।

मैंने सुना न किसी का नाम,
जब तक सुना पक्षियों का मधुर गान,
किया पूरे दिन आराम,
नदी किनारे एक शाम ।

कई दिन बाद, पढ़ाई पर लगा विराम,
और सोया मैं सुबह से शाम,
खेला कूदा और किया विश्राम,
नदी किनारे एक शाम ।

धीरे-धीरे हुआ मैं सावधान,
जब हुई रात और खत्म हुई शाम,
भागा मैं और खत्म हुआ आराम,
नदी किनारे एक शाम ।

घर में पहुँचा, लिया प्रभु का नाम,
सोचा घर जा कर क्या होगा हाल,
पड़ी डॉट और
भारी पड़ी वो एक शाम ।

रोया खूब और हुआ खुश भी,
की क्यों बिताया वो छोटा-सा काल,
हो गया मैं बेहाल, ऐसी थी वो,
नदी किनारे की एक शाम ।

नदी किनारे एक शाम

नदी किनारे एक शाम,
न हो तुम्हें या मुझे कोई काम,
इतने 'सुन्दर नज़ारे,'
सूरज ढलते हुए झिलमिलाए,
ऐसे नज़ारे कोई क्यों न देखना चाहे ।

नदी किनारे एक शाम,
गहरा पीला रंग, जब पानी में दिखलाई
तब पुरानी यादें पास आ जाँईं,
तुम और मैं यादों में गुम हो जाँईं,
यह गुमसुम सुन्दर पल,
हम कभी न भुला पाए ।

नदी किनारे एक शाम,
जब थिड़ियाँ आखिरी बार बहकाएँ,
और पेड़, पौधे सोने को आएँ,
तब ऐसे पल की आहट,
मुझे समझ न आए ।

नदी किनारे एक शाम,
ठंडी हल्की हवा मेरी तरफ आए,
तब दिल को ऐसा लगे,
कि मेरी तरफ आसमान मुसकराए,
तब सूर्य देवता आनंद से मर आएँ ।

यह पल हम न भूल पाए,
जब आकाश रंग से इतना भर जाए,
नदी किनारे एक शाम,
नदी किनारे एक शाम ।

बिजली कब आएगी

लखनऊ से 25 मील दूर नदी किनारे बसा हुआ गाँव—सिजीपुर। सिजीपुर के निवासी बड़े मोते इंसान थे। गाँव के अधिकतर लोग किसान थे। गेहूँ और मक्के की खेती करते थे। सिजीपुर के एक छोटे से घर में रहता था सियाराम का परिवार। सियाराम जो एक किसान थे उन्हें अपनी पत्नी बच्चे और माता—पिता को छोड़कर अगर किसी चीज़ से लगाव था तो वह थी अपनी जमीन से। इस गाँव में सब कुछ होते हुए भी एक गम्भीर समस्या थी... और वह थी—बिजली की। समस्त गाँव में घन्ना सेठ को छोड़कर किसी के घर में बिजली नहीं थी। हाँ, बस स्कूल में पंखे थे और बाज़ार की दो या तीन दुकानों में अधिक से अधिक एक या दो बल्ब थे। गाँव का यह हाल था कि जब मनोहर बाबू तबादला लेकर वापिस आए तब ये बिजली विकास मंत्रालय दिल्ली में अधिकारी थे। जब वे सिजीपुर आए तो उन्होंने सभी किसानों को घन्ना सेठ के वृक्षारोपण से कुछ दूर पंपा नदी के छोर पर बुलाया और सरकार द्वारा चलाई गई योजना से अवगत कराया और बताया कि सरकार गाँव के घरों और स्कूलों में मुफ्त बिजली का कनेक्शन लगा रही है। मनोहर बाबू पाँच वर्ष सिजीपुर में रहे और इन पाँच वर्षों में सिजीपुर पूर्ण रूप से बदल गया। आज सड़कों पर लगे खंबों पर लगे बल्बों की रोशनी पूरी रात प्रकाश देती है। सियाराम की बेटी पहले संघ्या होने पर पढ़ नहीं पाती थी। आज वह एक डॉक्टर है। परन्तु यह तो कई वर्ष पुरानी बात है। क्या पता मनोहर बाबू आज कहीं और होंगे किसी और गाँव में, लोगों के जीवन में उजाला लाते हुए।

बढ़ते टी.वी. चैनल्स

और हम

टी.वी. शब्द सुनते ही दिमाग में सबसे पहले यह आता है कि कौन-सा चैनल और कौन-सा कार्यक्रम देखेंगे। पुराने समय में टी.वी. पर आने वाले चैनल्स की संख्या बहुत कम थी। चैनल्स क्या टी.वी. की संख्या ही बहुत कम थी। आज की तरह हर घर में टी.वी. नहीं हुआ करते थे। पहले तो लोग उन कुछ चैनल्स पर आने वाले कार्यक्रम को ही देखकर आनंद उठाते थे। समय के साथ-साथ हर चीज़ बदल जाती है अब आज अगर हम अपना टी.वी. चलाएँ तो तय नहीं कर पाएँगे कि कौन-सा कार्यक्रम देखें और कौन सा छोड़ें। बढ़ते टी.वी. चैनल्स के साथ हमारा ज्ञान भी बढ़ रहा है। अब यह सिर्फ़ टी.वी. नहीं बल्कि ज्ञान का मंडार बन गया है। बच्चे ही नहीं बूढ़े-बड़े सभी इसके आदि हो गए हैं। बढ़ते टी.वी. चैनल्स का हमारे जीवन पर गहरा प्रभाव पड़ा है। हरेक चैनल कुछ नया ला रहा है। इन चैनल्स से कुछ फायदे हैं तो कुछ नुकसान भी। लेकिन ये हमें तय करना है कि हमें इससे किस प्रकार से फायदे उठाने हैं।

क्या भूल गए हम उन दिनों को जब घर में नहीं होता था टी.वी.? बातें होती थीं माता-पिता और बच्चों की। क्या दिन थे वो जब सब बैठ के खाते थे खाना। जब से आया है यह टी.वी. चला गया है सबका मिल के गाना। बढ़ते टी.वी. चैनल्स के साथ कम हो गया है मिलना-जुलना। बस अब तो सुबह उठने के बाद टी.वी., रात को सोने से पहले टी.वी., घर आते ही टी.वी., घर से निकलने से पहले टी.वी. ही टी.वी.। माई साहब! घर के हर कमरे में टी.वी.। बचाना पड़ेगा हमें बच्चों को, इससे पहले कुछ और बुरा हो। आँखें न करनी हो खराब, तो कम कर दो टी.वी. को देखना जनाब।

भले लगते हैं। मीठे बोल, सब न जाने इसका मोल

हर मनुष्य को मीठी वाणी बोलनी चाहिए। एक व्यक्ति का चरित्र और व्यवहार उसकी बोली से झलकता है। मीठी बोली के कारण उसके संबंध औरों से अच्छे हो जाते हैं, इतिहास में बड़े-बड़े लोग कह गए हैं कि किसी को दुख या चोट पहुँचाने के लिए हथियार से प्रभावशाली किसी के कठोर वचन होते हैं, किसी भी व्यक्ति को अपने बारे में बुरा सुनना अच्छा नहीं लगता। किंतु लोग फिर भी बहुत बुरी बोली बोलते हैं। एक व्यक्ति दूसरों के साथ जैसा व्यवहार करता है उसे अपने लिए भी उसी व्यवहार की उम्मीद करनी चाहिए। बुरी बोली बोलने वाले व्यक्ति के साथ कोई दोस्ती नहीं करेगा। सब उसी घृणित नजरों से देखेंगे, परन्तु वही मीठी बोली बोलने वाले व्यक्ति के साथ सभी अच्छे से व्यवहार करेंगे। लोग उसकी तारीफ करेंगे और वह लोकप्रिय होगा। सभी लोग उसके साथ दोस्ती करना चाहेंगे और उसकी संगति में रहना पसंद करेंगे, आपके मीठे बोल के कारण आपसे कोई घृणा नहीं करेगा, सब प्यार से रहेंगे। यह ही मानवीय प्रवृत्ति है। मीठी बोली के कारण आपके सारे कार्य आसानी से हो जाते हैं। परन्तु लोग मीठी बोली का महत्त्व नहीं समझते और इसलिए बाद में उन्हें पछलाना पड़ता है। लोगों को यह बात समझनी चाहिए कि वह मीठी बोली बोलें और कड़वाहट को निकाल दें। इससे संसार में शान्ति रहेगी। और सब लोग खुश रहेंगे, अतः हमेशा मीठे बोल-बोलें और कड़वाहट को भुला दें।

भले लगते हैं। मीठे बोल, सब न जाने इसका मोल

ऐसी वाणी बोलिए, मन का आपा खोए।
औरन को सीतल करे आपहु सीतल होय।।

यह दोहा संत कबीर दुनिया के सामने लाए थे। इसके अर्थ है कि हमें हमेशा मीठा बोलना चाहिए। इससे हमें तो सुख मिलेगा ही, इसके साथ औरों को भी आनंद मिलेगा। हमारा मन भी सीतल रहेगा। जो व्यक्ति मीठा नहीं बोलता उसके पास आना कोई भी पसंद नहीं करता, सब उससे दूर रहते हैं। हम इतने लोगों के उदाहरण लेते हैं जो अपनी मीठी वाणी के कारण विख्यात हो गए जैसे गौतम बुद्ध, महात्मा गांधी, दलाई लामा आदि। मीठा बोलने वाले का मन और दिमाग हमेशा संतुलित रहता है। वह हमेशा अपनी हर परेशानी का सामना कर सकता है और कभी भी अपने उद्देश्य तक पहुँचने से चूकता नहीं।

School Song

1. Step together, boldly tread,
Firm each foot, erect each head,
Fixed in front be every glance,
Forward to success advance,
Loyal hearts we nothing dread,
Like a deer in mountain heather
Tread light,
Left Right.
Steady students step together (twice).
2. Step together boldly stride,
Comrades all side by side,
Brave in act and pure in mind,
Each one's single power combined,
Moving on with steps sustained,
Thus prepared we care not whether,
Foes smite, left right
We shall march and sing together (twice).
3. Step together self-restrained,
Let us show how we are trained,
Ever keen in work and play,
We grow better every day.
Raise the flag with joy and pride.
St. Mary's flag in any weather,
Proud sight,
Left right
Steady students step together (twice).
