## NOTICE

### Admissions for the Academic Year 2025-26

Dear Parents,

We would like to inform you that, as per the rule introduced by the CBSE, the optimum number of students per section have now been set to 40 and the schools are expected to systemically and gradually, reduce and maintain the strength in all sections up to the level of 40 till the academic year 2025-26. This guideline is intended to ensure better learning outcomes and more focused attention for each student. As a result, we do not have any vacancies in any class from Nursery to 8th for the academic session 2025-26.

However, admissions for **Classes 9, 10, 11 and 12** are open, and we encourage interested candidates to apply for these classes.

We appreciate your understanding and support, and we wish you best of luck in securing a place for your child in the coming academic year.

Thank you for your continued trust in our institution.

Regards

Bro. Tomy Varghese  
Principal
